PROLOGIC SMART

ProLogic SMART Safe Lock Ⓤ L

The ProLogic SMART Safe Lock is the industry's only electronic safe lock that allows remote control and management right from your Smartphone. Once paired with our SECURAM App, the ProLogic SMART Safe Lock can be controlled from anywhere. Open your safe, receive alerts, change your code, add users, view audit events right on your SECURAM app.

Simple to Use • Reliable

At your safe, enter your 6 digit code and turn the safe handle. That's it. With the SECURAM App, enter the code on the App and click open. The safe lock will automatically be opened for immediate access right from your Smartphone. ProLogic SMART Safe Lock allows you to change codes, delete or add User codes, see audit events, and sends alerts. True remote capability.

ProLogic SMART Safe Lock connects to your home wireless network allowing you remote control and management across the internet. Every SECURAM lock undergoes a 2,000 cycle quality management program before it leaves the manufacturing facility. Unprecedented commitment to quality and reliability.
