SECURE LUX MORTISE EDITION

ANTI-THEFT , CHILD-PROOF SYSTEM

Designed to prevent outsiders from picking your inside door handle with use of wires or improvised tools to unlock door. It also prevents accidental unlock from children playing or pets wandering nearby the door.

SECURE DIGITAL TOUCHSCREEN

Patented PIN Genie™ touchscreen rotates digits every time codes are entered, making it nearly impossible for someone to guess your code, even if they are standing next to you. Remotely issue and manage eKeys for guests, enabling them to access the door with their smartphone.

MILITARY GRADE ENCRYPTION

Lockly smart locks use military grade encryption that uses multiple levels of security to ensure a secure Bluetooth® connection from the lock to your smartphone.

REMOTE USER ACCESS

Compatible with both iOS and Android devices, issue digital eKeys for your guest(s) with the Lockly mobile app. Add, delete, and set duration times for your trusted users and guests and send them eKeys digitally to be activated.

SAFE & CONVENIENT

Easily lock and unlock your Lockly smart lock when within Bluetooth® range or turn on privacy mode for secure access only through using a physical key.
