

Firefly

TURN OFF LED LIGHTS

Step 1: Make sure two earbuds and mobile phone are connected to each other.

Step 2: Triple-clicking the MF button of both earbuds to turn off the LED lights.

NOTE:

1. Turning off the LED lights won't affect the LED blinking when Power On/Off , Pairing and Low Battery Prompt.
2. If you want to turn on the LED lights again, just triple-clicking the MF button of both earbuds.
3. You will have to turn off the LED light again if after factory reset.
