

FLAXTA

Aircon - your new favorite shin guards

1. **Print:** Download and print the template at 100% scale on A4 paper.
2. **Verify:** Use a ruler to check if the 200mm or 7 inch line matches its actual length.
3. **Cut:** Start with size 'L' and cut out the shin guard shape. Aircon Jr. shin guards are size S and XS
4. **Fit:** Position against your shin (printed side for left). Flip the template to test for right shin guard.
5. **Size:** If it's too large, cut the next size down and test again. Repeat until you find your perfect fit.
6. **Order:** Visit Flaxta.com, select your Aircon (XS, S, M, L) or Aircon Jr. (XS, S) size and get your new favorite shin guards.
