

JUST BETWEEN YOU & I

Our wine club is a commitment to purchasing 12 bottles of our wine yearly. These wines are of your choosing.

Here at Radburnd Cellars, we don't believe that a wine club should be routine shipments of wine that suits us.

A wine club should be tailored to each member's palate, give access to exclusive wines that general consumers aren't able to purchase and provide bespoke experiences that can be shared with family and friends, which are educational and memorable.

- We will process wine club renewals on the 1st of March each year.
- A week before your renewal is due to be processed, you will receive an email from us which allows you to make the selection of wines that you'd like to receive.
- Shipping will follow the day after payment is received.
- You will receive your joining shipment immediately.
