FEATURES -

Aluminum Display

Aluminum is a sustainable material and the shelves can be used and reused.

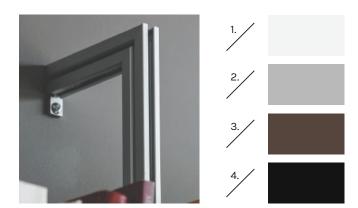

Colors

The most popular is the Satin Aluminum which creates a minimal look. We also offer White, Black, Bronze powder coated options as well as any other powder coated color on a custom basis.

Strength

Whether the system is in front of a window secured to the ceiling or against a wall, the pole system allows for heavy loads to be displayed.

START WITH A WALL WITH LOTS OF POTENTIAL AND ADD A QUAD POLE DESIGN WITH YOUR CHOICE OF DISPLAY COMPONENTS AND COLORS. EACH BAY CAN BE FROM 24 TO 48 WIDE WITH SHELVES, HANGBARS, FACE-OUTS, SIGNAGE AND CABINETS. THE SHELVES ARE AN EXCLUSIVE SLIM ALUMINUM DESIGN WITH AN LED LIGHTING CHANNEL TO ADD YOUR CHOICE OF EMBEDDED LED STRIP.

CAMUTO GROUP

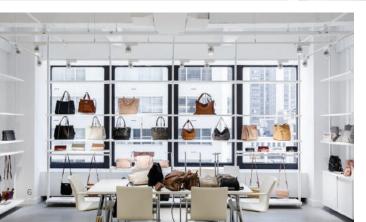

Manhattan, NY

The Camuto Group's vision was to utilize the wall space as well as the open space in the room.

The Modern Shelving Displays offer floor to ceiling display along the windows and room divider shelves divide up the room with a more open display. The light flows throughout the room while the products are on adjustable display shelves, hang bar and faceouts.

The large base cabinets are mounted on the poles for added storage.

THE CANDY STORE

Roanoke, Virginia

The Candy Store showcases their candy jars in front of the tall windows to capture your attention. When you walk into their stores, the Quad Pole system displays hundreds of candy jars filled with sweets along the walls and on free standing displays.

The aluminum displays will last forever and can be reconfigured or moved to new locations as the business grows. Choose standard design options or work with the Modern Shelving design team for a custom look.

CYCL3 STUDIO

Burlington, MA

The CYCL3 signature ride is a full body fitness experience. The instructors motivate, inspire and challenge the riders to strengthen their bodies and surrender to the rhythm. The custom branded apparel on display on the studio retail walls reinforce the vibe of the CYCL3 experience.

This Quad Pole system design includes aluminum shelves, hang bars and faceouts in a white powder coated finish. All of the shelves are adjustable to make it easy to adjust for seasonal changes of products on display.
