

Receiver Tanks

Horizontal & Vertical 30-3000 Gallons

Pneutech
Efficiency Under Pressure

Features & Benefits

Receiver Tanks

Regular 120-500 gallons
Large 660-3000 gallons

Consistent Quality

Ultra-durable base ring support is included in all models

Exceptional Reliability

These ASME certified tanks increase reliability, saves time, and decrease maintenance costs

Maximized Sustainability

Tanks are fabricated in high strength carbon steel that is finished with an exterior coating in our signature PneuTech blue color.

Receiver tanks enable the system to have increased storage capacity for compressed air at all times

Drain Valve

Excess water that may collect in the receiver tank can automatically be drained with an electronic timer* or a zero loss drain valve*.

Inspection Port

The large access port makes maintenance and inspection tasks simple.**

Mounting Base Ring

All vertical receiver tanks include a base ring with mounting holes for secure installation.

ANSI Flange Connection

Large flange connections provide increased flow capabilities.**

Lifting Lug

Sturdy lifting lugs on large vertical tanks allows for safe transportation and installation.**

* optional equipment

** available on the 660-3000 gallon receiver tanks

Vertical Tanks with NPT Main Ports

Vertical Tanks with Flanged Main Ports

Pressure Gauges

For quick visual indication of the current pressure within the receiver tank.

Part #	Description	PSI	NPT
4010060	2.5" Pressure Gauge, Back Mount, 300 PSI	300	1/4
4010100	2.5" Pressure Gauge, Lower Mount, 300 PSI	300	1/4
4010160	4" Pressure Gauge, Back Mount, 300 PSI	300	1/4
4010200	4" Pressure Gauge, Lower Mount, 300 PSI	300	1/4

Safety Valves

Prevents the safety hazard of excessive pressure build up beyond the rating of the tank.

Our Mission Statement

Using our combined industry experience, we provide knowledge, support, and superior products to compressed air distributors across the globe.

We are committed to producing positive results through being trustworthy, ethical, and accessible.

We are founded in the beliefs that through working together we can continue to transform the industry, while rising to turn challenges into opportunities.
