

STEELFLEX *XTREME*

Ultra-High Performance Machine Film

Steelflex Xtreme is an industry-leading, ultra-high-performance machine film. Optimum performance regardless of gauge.

This film is a perfect choice for demanding, high-speed wrappers and lower volume semi-automatic applications.

FEATURES & BENEFITS

- Proprietary, state-of-the-art resin blend designed for maximum performance
- Multi-layered film creating excellent strength & tear resistance
- High speed, high stretch: Pre-stretch levels that exceed 300%
- Maximum clarity: For easy barcode readability
- Wrap more with less film: Stronger than traditional machine wrap allows for gauge reduction

STEELFLEX XTREME
