

Leather Natural F

Home, L6o

vitra.

Leather Natural F is a very soft cowhide leather with an untreated grain. It is porous, breathable and acquires a lively patina through use. It is processed with a tanning agent extracted from olive tree leaves (a waste product of the olive harvest), and any chemicals used are harmless and applied in the smallest possible amounts.

Material

Aniline nappa leather with a natural open-pore grain, vegetable tanned

Fastness to light

Type 3

Thickness

1.1–1.3 mm
