- Improves skin radiance and clarity
- Strongly recommended for sun damaged skin
- Increases product absorption
- Safe for all skin types

## MAINTENANCE CARE SUGGESTIONS

- Gentle Foaming Cleanser
- Hydrating Balance
- LumiLacti • C
- Sport Shield SPF • 45
- TCA Moisture Peel
- Intense Moisture
- CopperICE Pads
- CopperICE Cream

Alpha Jewel Peel is intended to remove the outermost layers of dead skin with the added bonus of precious gems. This unique element leaves trace amounts of essential minerals that create large levels of antioxidants to help neutralize stressed skin.

## Peel Procedure:

1. Cleanse thoroughly with Gentle Foaming Cleanser
2. Apply an even layer of Alpha Jewel Peel to entire face and neck.
3. Leave on 4-6 minutes, watching for redness.
4. Apply a thin layer of Neutralizing Masque on top of peel; leave on 5-7 minutes, lightly massage any residual hot spots i.e. nose , mouths etc remove with tepid water.
5. Follow with Jewel Peel Serum and ClearChoice® Sunblock.

Professional Suggestion: After 7-10 days, have the client return for a Lactic Gel Peel treatment and Masque application. This would validate higher price treatment cost.

## Key Ingredients & Benefits

Copper Gluconate	Powerful antioxidant; stimulates fibroblasts to produce healthy collagen; inhibits Matrix Metalloproteinase Enzymes.
15% Kojic Acid	Natural skin lightener derived from mushrooms.
35% Glycolic Acid & 15% Lactic Acid	Exfoliates the top layer. Promotes Collagen and Elastin production. Stimulates new growth in Basal layer. Stimulates Hyaluronic Acid in the lower levels of the epidermis. Acts as an accelerator for skin lighteners.
Palmitoyl Oligopeptide & Palmitoyl Tetrapeptide-7	Superior Amino Acids to reduce wrinkle depth and length. Improves collagen deposition.
Tetrahexyldecyl Ascorbate	Vitamin C with high rate of penetration. Due to lipid soluble formulation. Increases collagen levels. Decreases melanin production and brightens skin. Improves barrier function. Reduces Transepidermal Water Loss (TEWL).

## Professional Tips:

- Jewel Peel may be applied weekly for 3-6 consecutive treatments.
- Client should use remainder of Jewel Serum nightly until finished.
- Perfect for summer time treatments and as a first time peel.
