Technology

The Future is now!

Introducing iAssist®

iAssist® is a sophisticated service robot that provides a variety of technology advancements in an ever-changing world of service.

iAssist® Capabilities

POSITIONING & NAVIGATION

Automatically corrects its walking route to avoid deviation from navigation. Quick and easy deployment.

VOICE INTERACTION

Supports 30+ languages & recognizes human speech in high noise level environments.

DETAILS

360° Accessible Wide Tray

- 16.9" x 19.7" tray size
- Adjustable 3 trays (4th optional), with several combinations that fit all delivery needs.

FEATURES

Stable & Accurate Delivery

iAssist® utilizes both Visual and Laser SLAM to ensure quick and easy deployment, fast and accurate delivery and increase safety with smart obstacle avoidance. Self developed AI features intelligent multi robot cooperation allowing multiple iAssist® to work together as a team to get the job done efficiently.

Powerful Promotional Tool

iAssist® functions as a delivery robot, but that is not all! iAssist® can perform bussing and host functions and act as your brand ambassador, by promoting specials and promotions to customers.

Boost your service level with these benefits

- ✓ Higher efficiency, lower cost
- ✓ Increased revenue
- ✓ Improve guest satisfaction
- ✓ Improved safety and sanitation
- ✓ Interactive customer experience

Chef jackets, integral to a chef's uniform, are designed for both functionality and style. Crafted from breathable materials like cotton, they ensure comfort during long hours in the kitchen. The double-breasted design conceals stains, and the traditional white color signifies cleanliness and professionalism. Featuring practical details such as sturdy buttons, useful pockets, and a protective Mandarin collar, chef jackets go beyond aesthetics to enhance the efficiency and safety of culinary work.

Colour Coded

Being able to differentiate between the intended uses of certain pieces of equipment is a vital means of preventing cross-contamination, which can impact hugely upon quality, health and safety. Knives and chopping boards are among the most common pieces of equipment which need to be colour coded.

Available in six colours each of which corresponds to a certain type of food stuff:

White - Bakery and Dairy, Red - Raw meat, Yellow - Cooked meat, Green - Fruit and salad, Brown - Vegetables, Blue - Raw Fish.

Fridges & Freezers

New Feature

Pre-Treatment True's powder coating process includes a superior metal pretreatment system that maximizes the adhesion of the powder coating to the metal, giving the surface a smooth, more even finish and preventing chipping.

Choose Your Color True currently offers more than 20 different RAL colors for you to choose from. Having multiple color options allows you to create a unique piece of refrigeration equipment to fit your style and design.

Lease to Own financing

The True GDM-41-HC-LD two-section glass door merchandiser uses environmentally friendly R290 hydrocarbon refrigerant to keep temperatures cool. For holding refrigerated packaged and bottled products, the refrigeration system maintains even temperatures from 33 to 38 degrees Fahrenheit. Energy consumption and heat production are reduced because the evaporator and condenser fan motors create a consistent volume of air. Maintaining the condensing unit is convenient because it is mounted on the bottom of the cabinet, and the entire cabinet is foamed in place with polyurethane insulation to prevent ambient air from entering the cabinet.

Fryers

Great for medium-volume applications, the Vulcan LG300 commercial gas fryer has a 35- to 40-pound oil capacity, while its frypot has a 14-inch by 14-inch cooking area and is made of durable stainless steel. A large cold zone underneath the fryer baskets helps the unit cook fresh-tasting food by keeping food sediment from burning and affecting the taste of the oil between oil changes or filterings. An oversized, 3/4-inch full-port drain empties the oil quickly and thoroughly to ensure changing it is convenient, reducing downtime and minimizing labor involvement.

An illustration of a city street scene. In the foreground, a white food truck with a blue logo is parked on the left, with a person in a green uniform and a customer in a white shirt. A woman in a white shirt and black skirt is walking on the sidewalk. In the background, there are stylized buildings in white and blue, a green tree, and a street lamp. A sign on top of a building reads "Lease. Loan. Rent." in bold black text on a white background with a green border. The sky is light blue with white clouds.
