PizzaMaster: PRECISION REDEFINED
**COOK TO PERFECTION WITH
 UNMATCHED CONTROL AND
 EFFICIENCY**

PizzaMaster is the worlds #1 manufacturer of electric deck ovens. Used in over 150 countries, PizzaMaster ovens offer independent control of both the clay stone and oven chamber, achieving temperatures up to 932F..

PizzaMaster electric pizza ovens come in two product lines; modular deck pizza ovens and countertop pizza ovens.

Deck pizza ovens are full size, stone hearth ovens that can be ordered in various sizes and finishes.

Countertop pizza ovens are multi-purpose, compact and high efficient pizza ovens.

Counter tops and floor models available in over 1500 permutations!

WITH
POWDER COATING

True
REFRIGERATION

True can powder coat the interior and exterior of most models in a wide variety of standard and custom colors.

True's powder coating process includes a superior metal pretreatment system that maximizes the adhesion of the powder coating to the metal, giving the surface a smooth, more even finish and preventing chipping.

True currently offers more than 20 different RAL color options allows you to create a unique piece of refrigeration equipment to fit your style and design.

Contact s.t.o.p for more information on available colours and a quote today.

Carbon Off

808081

808081

CARBON OFF is a powerful gel that dissolves carbon buildup from metal surfaces. Spray or brush on, let set 15 minutes to overnight, depending on the amount of buildup to be removed, then rinse under cold water with a brush or scrubbing pad. CARBON OFF works quickly and easily saving time and labor.

Big D® Repel Gel Plus

BIG D® REPEL GEL PLUS is a viscous liquid that clings to pipes and drains to rid them of drain fly infestations, all the while working to break down odor-causing organic matter.

REPEL GEL PLUS repels annoying and unsanitary drain flies with Citronella, a natural fly repellent. It also contains enzyme-producing bacteria which will multiply and digest organic waste, reduce volume of solids, and kill odors.

REPEL GEL PLUS contains no acids or corrosives. It is biodegradable, non-toxic and non-caustic. It can be used in drains and septic tanks, as well as in conjunction with a trigger sprayer

The Green Drain

The Green Drain patent design allows for the flow of water and debris, while blocking gases, odors and pests. The floor drain trap guard is available in 8 sizes. Used in the outlet connections of floor drain bodies, or the inside of floor drain strainers to seal the opening to prevent odors, sewer gases, and insects from entering up through the floor drain grate. The Green Drain's four flexible silicone sealing ribs ensure easy installation into openings that have variations in size. The Green Drain will open to allow drainage and close when there is no water flow. This Inline Drain Trap can be used in either new construction or retro-fit applications where trap primers were never installed. Available in 2", 3", 3.5", 4".
