- Maximum imprintable handle space.

Parker River "Classic" Knife Details

The Parker River "Classic" Knife is a sturdy and reliable linerlock knife designed for everyday us. The classic look of the wood handle is inspired by the knives our grandfathers carried years ago. While classic in its looks, this knife boasts modern features and performance. Made from high quality stainless steel, the partially serrated drop point blade holds a sharp edge while being extremely resistant to corrosion. This is a solid knife designed to last a lifetime. The wood handles offer the perfect space for custom engraving.
