Must-have dictionaries

! Warning:

the baby should not play the parts as the toy;
the children should do the job under the adult's guides.

Pay attention:

1. Please read the instructions before assembly.
2. Please put the part Numbers and tidy assembly, assembly before use sandpaper wood edges.
3. Details of materials, auxiliary paste with forceps.
4. Wire with forceps auxiliary twisted out of shape.
5. Paper accessories dotted line for the folding position, gray for paste position.
6. Recommended to paste the paper accessories, use double-sided adhesive stickers.

Accessories of the production:

Firstly, please check your accessories before you open the products bags to assemble the product:

1. one glass cover
2. a basement board
3. one set music movement
4. Material bags B, C, D, E.
5. a piece of paper component
6. a bottle of glue

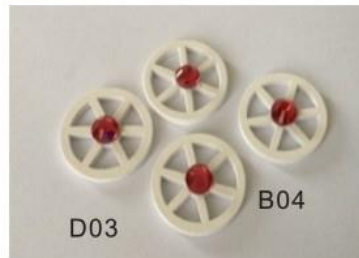

Base board

Take out the board A01 and paper component A05-1. And paste them well following the diagrams. Then you finish the floor.

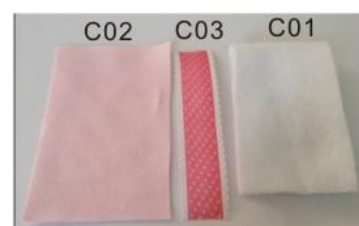

1. take out the materials from B01 to B02 and D03, D04. (shown as the diagram)

2. Assemble and paste the bed well as the production steps above.

Pig bed cushion

1. Take out the materials from C01 to C03.

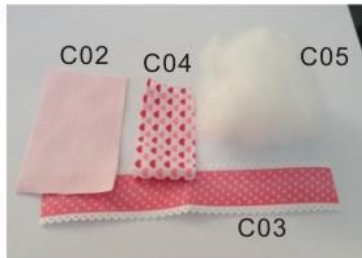

2. Cut the white nonwoven cloth C01 into 2 parts (6*8.5cm each); cut a piece of cloth (8*10cm) of the pink cloth C02; coat the two sides with the pink cloth C02; coat the two sides with C02 pink cloth.

3. Finally, cut a C03 (10cm long) and paste it on the C02 (shown as the picture). Then you finish the cushion.

Pillows

1. Cut a piece of cloth (5*7cm) out of the left pink cloth and take out the material C04 and C05 and the left C03 (14cm long).

Fold it in two and sew it

Put the front side on

Fill the cloth with cotton

Sew the mouth

2. Sew the pink cloth C02 following the diagram. Then the pillow is finished.

3. Coat the pillow (14cm long) with the C03 (14cm long). Then the pillow is finished.

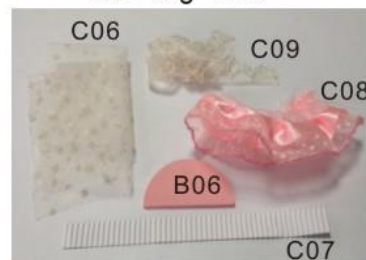

4. With the same way of making pillows, you can cut and sew two pillows (3.5*6cm) out of the heart shape cloth C04.

5. Finally, place the finished pillows as the diagram shows.

The curtain of the big bed

1. Take out the materials from C06 to C09 and semicircle wood grain B06.

2. Cut the white corrugated paper C07 and a part (1*12cm). and paste it and semicircle wood grain B06 together shown as the diagram.

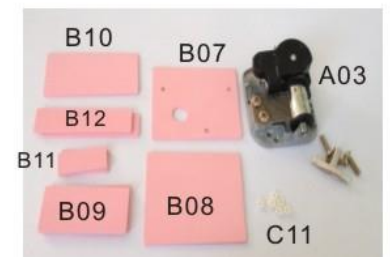

3. Cut a part (12*13.5cm) out of the dotted net cloth C06 and paste two white lace strips on the two sides of the C09 (13.5cm each).

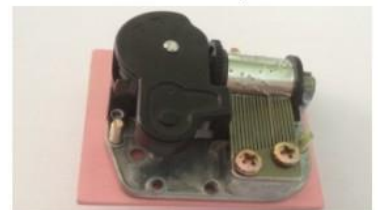

4. Paste dotted net cloth on the white corrugated paper C07 and paste the pink flower border C08 on it well. Then you finish the curtain of the big bed. (shown as the diagram)

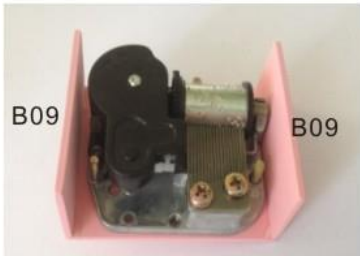

Cabinet

1. Take out the materials from B07 to B12 and music movement A03 and six little white pearls C11. (shown as the diagram)

2. Fix the music movement A03 on the wood B07 with the help of the screwdriver.

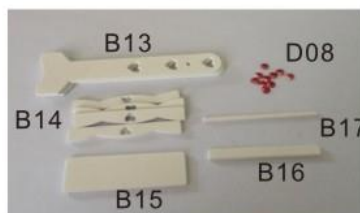

3. as the diagram shows paste the materials from B08 to B12. Paste the six little white pearls D07 on the cupboard. Then you finish the cabinet.

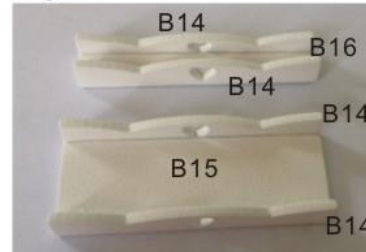

4. The back side of the cabinet.

Shelf

1. Take out the materials from B13 to B17 and D08. (shown as the diagram)

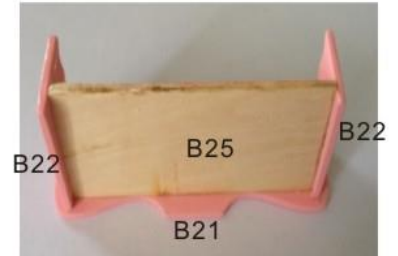

2. Paste the materials from B13 to B17 and D07 together as the diagram shows. Then you finish the shelf.

The pumpkin baby bed

1. Take out the wood from B18 to B28 and 8 little white pearls D07.

2. Paste the wood B21, B22, B25 together following the order of the diagram above.

3. Paste the wood grain B23 and B24 together as the diagram shows. And then paste them on the wood B21. You should pay more attention to the balance of the wheels.

4. Paste the wood grains from B18 to B20 well as the diagram shows.

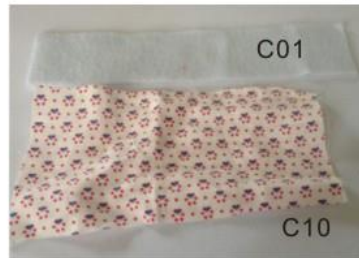

5. Paste the wood B26 and B27 well as the diagram. Then you finish the ladders.

6. Paste all of the parts well and then paste the little white pearls on the bed. (shown as the diagram)

the cushion of the baby bed

1. Cut a piece of nonwoven cloth. (3.3*14.8cm) out of the C01. And cut a part (6*10) out of the C10.

2. Fold the white nonwoven cloth in two and paste them well. And then coat it with C10. Then the cushion is finished. (shown as the diagram)

The pillow of the baby bed

1. Cut a part (3.3*3.4cm) out of the white nonwoven cloth. At the same time you can take the left cloth C10.

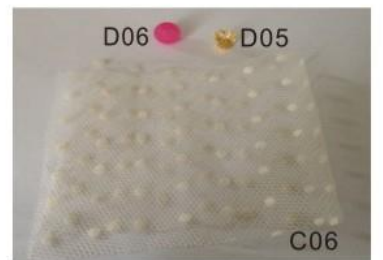

2. Fold the white nonwoven cloth C10 in two and coat it with C10. Then the pillow is finished.

3. Paste the cushion and the pillow on the baby bed. (shown as the picture)

The crib bed curtain

1. Cut a part (9*16cm) out of the dotted net cloth. And take out the material D05, D06.

2. Let the dotted net cloth C06 go through the hole of the wood grain B28; paste the material D05 and D06 well and then fix it on the top of the baby bed. Then you finish the baby bed.

The decorations of the bed

1. Take out the material D01 and D02.

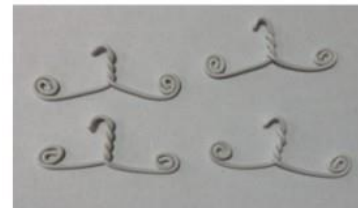

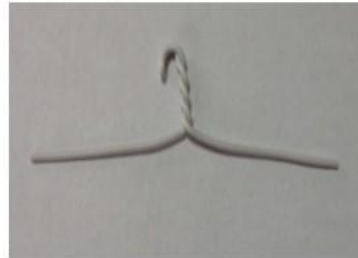

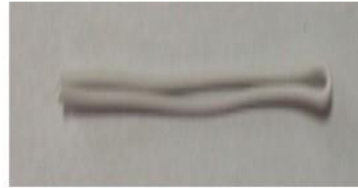

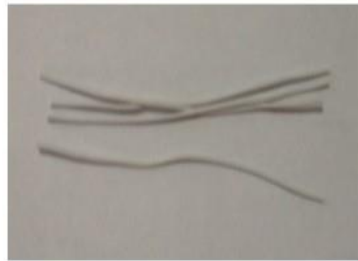

2. Cut the material D01 and D02 apart according to the diagram. And paste them on the bed following the reference.

Hanger

1. Take out the white wire C11.

2. Cut the white wire into 4 parts (10cm long each). Bend it as the reference shows. Then you finish the hanger.

The decorations of the hanger

1. As the diagram shows, paste the material D09 and D10 on the shelf.

Dress

1. Take out the materials from C12 to C17.

2. Fold the flower boarder from C12 to C15 and paste them well as the diagram shows.

3. Hang the C12 and C14 with the two finished hanger. Then you finish the two dresses.

4. Cut two pieces of pink ribbons out of the C16 and paste them on the pink flower boarders C13 shown as the diagram shows; and make C16 (10cm long) a bowknot and paste it on the C13. Then you finish the dress shown as the diagram.

5. Cut two pieces of blue ribbons (3cm long each) out of the C17. And paste them on the inside of the flower borders C15 shown as the diagram.

6. Finally hang the dress on the hanger well as the diagram shows and put them on the shelf.

Perfume bottle

1. Take out the materials from the D12 to D19 and paste them well as the diagram shown.

2. Take out the materials from D21 to D30 and cut out the paper component A05-2, 3. Then paste them well as the diagram shows.

Basket

1. Take out the materials from C18 to c20 and paper component A05-4. And cut a piece of pink ribbon (10cm long) out of the C16.

2. Fold and cut the paper component A05-4 following the dotted line and then paste it well as the diagram shows; and let the thick thread C18 twine around the outside of the paper component A05-4 from bottom to the upside and paste it well; paste the white flower border C19 on the border of the basket and fold the pink net cloth to put it on the basket; and make C16 (10cm long) a bowknot and paste it on the basket shown as the diagram.

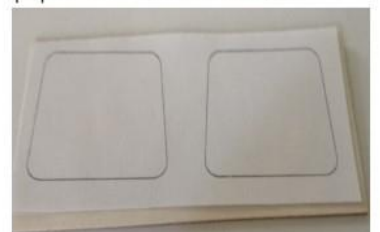

3. As the diagram shows, you should put the finished parts into the basket.

Suit case

1. Take out the materials from C21 to C22 and paper component A05-5 and golden bead chain D33; cut a piece of white corrugated paper C07 (1*10.5cm).

2. Cut a piece of white card paper (3*7cm) out of the C21 according to the shape of the paper component A05-5.

3. Paste the stripped cloth C22 (2.2*11cm) on the two sides of the white card paper.

4. Cut two pieces of white corrugated paper (0.5*10.5cm each) out of the C07; and cut two pieces of flower boarder (10.5*1.8cm) out of C22 and coat the white corrugated paper as the diagram shows.

5. Paste all the finished parts well as the diagram shows.

6. Fold the C22* (2*2) in two as the diagram shows and then bind them together. And divide the golden bead chain D33 into two parts. And then paste them well as the diagram shows.

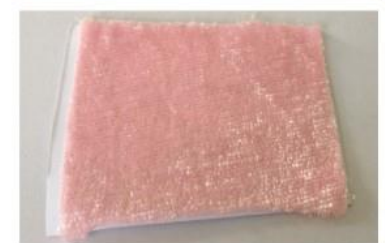

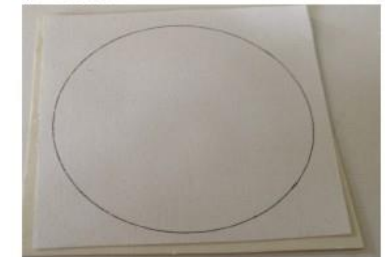

7. Finally, cut out a piece of net cloth C06 (3*6cm) as the diagram shows and put it into the suitcase.

Carpet

1. Take out the materials C23 and 24 and paper component A05-6, 7; cut a piece of white card paper (4*5cm).

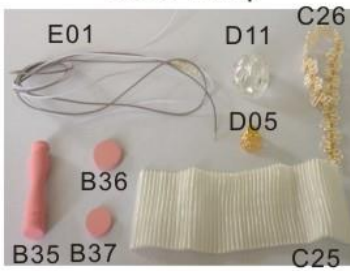

2. Paste the paper component A05-6 and the piece of white card paper C21 together. And paste the short pink furry cloth C23 and cut it in the shape of the A05-6.

3. Cut the yellow nonwoven cloth C24 in the shape of the paper component A05-7. Then you finish the carpet.

Desk lamp

1. Take out the materials from B35 to B37, C25 to C26, a golden flower circle D05 and clear flower bead D11, as well as a LED bulb wire E01.

2. Twine around the clear flower bead D11 with the big flower boarder C25 and cut it well.

3. Paste the D05 on the top of the lamp and let golden flower border C26 twine around the desk lamp cover and paste them well.

4. As the diagram shows, paste the B36 and B27, B35 and E01 together.

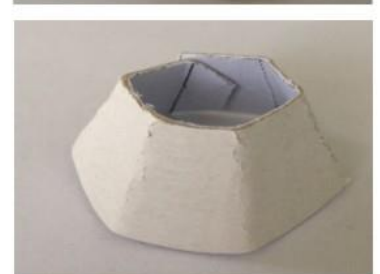

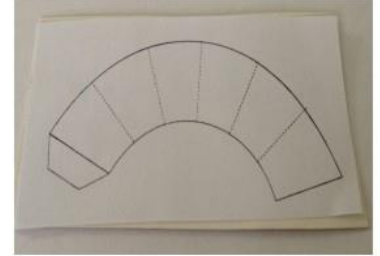

5. The parts will be assembled as shown, complete the table lamp.

Floor lamp

1. Take out the materials B43, C27-C29, E01 and paper component A05-8; and cut white card paper C21 out a part (4*7cm).

2. Paste the paper component A05-8 on the white card paper C21, and cut it well. Then fold it as the diagram shows.

3. Paste the flower boarder C27 and C28 together as the diagram shows. Then you finish the desk lamp cover.

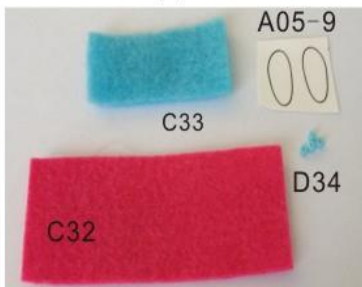

4. Shown as the diagram, bend the white thick wire C29 and paste it around the white round wood B43.

5. Paste the LED bulb wire E01 well as the diagram shows. Finally, paste the lamp cover well. Then the desk lamp is finished.

Slippers

1. Take out the materials from C32 to C33, D34 and paper component A05-9.

2. Cut 3 rose-red nonwoven cloth in the shape of the paper component A05-8 out of the C32. And then paste every 3 of them together.

3. Cut two piece of the blue nonwoven cloth (0.5*2.2cm) out of the C33 and curl them as the diagram shows.

4. At last, paste all of the parts well and paste blue glue bead D34 on the shoes. Then the shoes are finished.

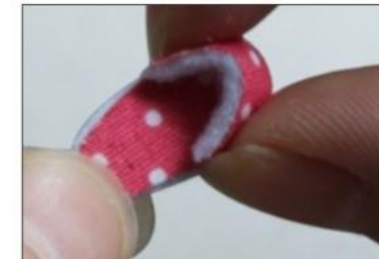

Slippers

1. Take out the materials C30, C31 and paper component A05-10; take out the left white nonwoven cloth C01.

2. Cut a set of the dotted flower cloth and white nonwoven cloth in the shape of the model out of the C30 and C01. And paste them as the diagram shows.

3. Paste the slippers well as the diagram shows.

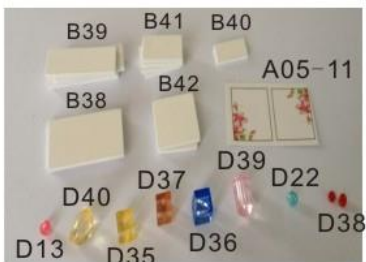

4. Cut two pieces (0.3*7cm each) out of the dotted cloth C30. And paste them around the bottom of the slippers and cut the extra part.

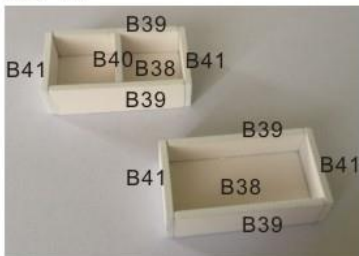

5. Cut two parts (2.5 cm long each) out of the material C31 and paste them on the slippers.

Wall cabinet

1. Take out the wood from B38 to B42, and glue bead from D35 to D40, D13, D22 (one of each). And cut out the paper component A05-11.

2. Paste the wood from B38 to B41 as the diagram shows.

3. Paste the paper component A05-11 and wood B42 well. And paste them on the cabinet as the diagram shows. And paste red glue bead D38.

4. Paste the materials from D35 to D40, D13, D22 as the diagram shows and then put them into the cabinet.

Box

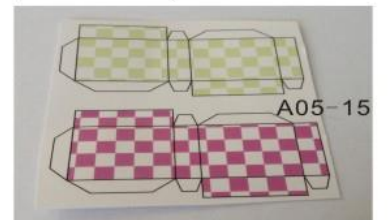

1. Take out the paper component A05-12, 13, 14; and cut a piece (24cm long) of pink ribbon out of the C16.

2. Fold and paste the paper component A05-12, 13, 14 as the diagram shows.

3. Paste the pink ribbon C16 on the box and make a bowknot to paste on the gift box A05-14.

4. Cut the paper component A05-15 as the diagram shows. Then fold and paste them well. You finish the two boxes.

5. Finally, you should place the finished boxes as the diagram shows.

Books

1. Cut the paper component A05-16 and fold it into books. Then paste it well.

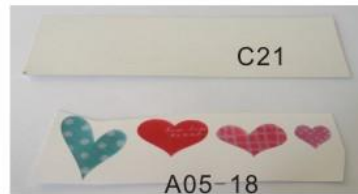

2. Finally, place the books well as the diagram shows.

Cupid photo frame

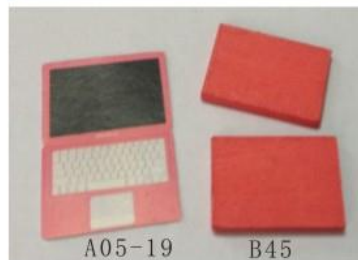

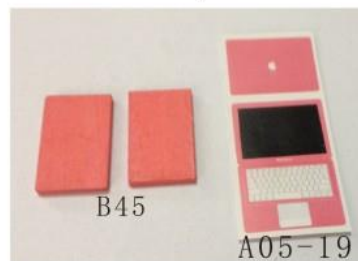

1. Take put the wood B44 and paper component A05-17. Then paste them well as the diagram shows.

Heart shape picture

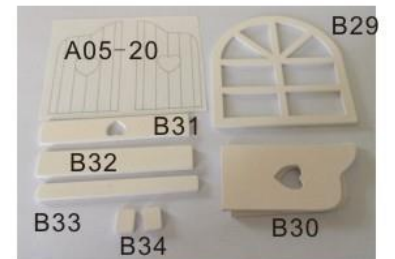

1. Cut a piece of white card paper (3.5*12) out of the C21, and paste it and paper component A05-18 together and cut it out.

Computer

1. Cut two pieces of wood B45 and paper component A05-19. And paste them well following the reference. Then the computer is finished.

Window

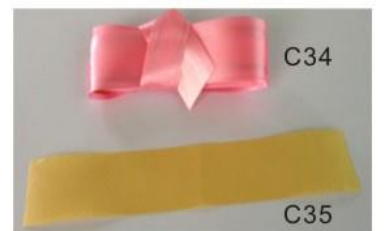

1. Take out the wood B29-B34 and paper component A05-20.

2. Paste the wood from B29 to B34 and paper component A05-20 following the reference. then the window is finished.

Rose

1. Take out the material C34 and C35, and cut 5 parts out of the C34 (7cm long each) ; cut 2 parts of the C35 (7cm long each) ; and divide the C34 and C35 into 3 parts equally (0.4*7cm each) . The pink C34 has 13 pieces; while yellow C35 has 4pieces. You can make the roses according to the production steps which are on the back of the book.

2. Take out the material C36 and cut the 34 pieces of leaves (0.5*0.8each) . shown as the diagram, paste two pieces of leaves on each of the rose. Then you finish the rose. The quantity of the rose: 13 pink roses and 4 yellow roses.

3. Take out 4 pink roses and 4 yellow roses. Paste them on the window as the diagram shows.

Rose bouquet

1. Cut out the pink ribbon C16 (20cm long) and take out the white flower boarder C37 and 8 pink roses.

2. Coat the 8 pink roses with the white flower boarder C37 and fasten it with the 10cm long pink ribbon C16.

3. Make the left pink ribbon C16 a bowknot and then paste it on the flower bouquet. Then the rose bouquet is finished.

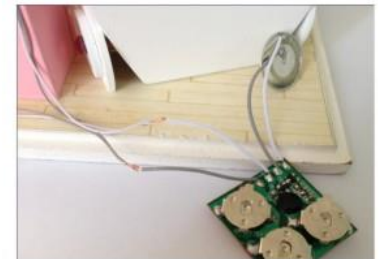

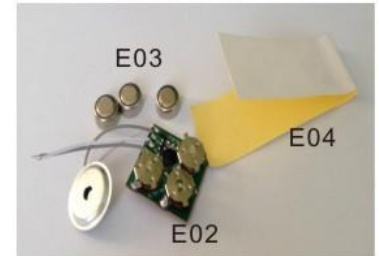

The connection of the circuit and acoustic control switches

1. Fix the finished lamp on the table with the glue. Then fix the wire on the floor as the diagram shows.

2. Cut the LED lamp wire into a proper size. And tear off the cover of the wire. Then wing the wire of the same color together as one wire (note: the white wire is the positive one and the gray one is the negative one) .

3. Take out the materials acoustic control switches from E02 to E04; connect the gray wire of the acoustic control switches with the gray wire of the LED lamp; connect the white wire of the acoustic control switches with the white wire of the LED lamp. Finally, use the tape E04 to coat the copper wire. As the diagram shows, you can install the button battery and hide the acoustic control switches on the back of the bed to make it look beautiful.

Bow line method

1. Put the two ends of the ribbon tie a knot

2. With the hand hold the middle position, put on the right side of the ribbon not bent into a circle on a regular basis.

3. Fold on the left side of the ribbon from above, the right hand thumb and hold.

4. From the top of the ribbon on the right circle around, and then from the left side of the ribbon through the round in the circle.

5. The original ribbon on the right side of the circle on the left, the left side of the ribbon round in the circle through the ribbon on the right.

6. The ends of ribbons are cut into the shape of a love, bowknot is completed.

The roses of Mr.
