

Ink Elegant Pavilion

L2122 Instruction manual

NOTICE OF ASSEMBLE

Tips for assembling

1. Because this product contains small parts, children need to use this product with an adult to avoid accidental ingestion and cause suffocation hazard. There are sharp objects in the product, be careful not to pierce people to avoid injury.
2. After all the materials are used in the required amount in the operation steps, put the remaining materials back into the original bag until the installation is completed. (Avoid losing materials during the installation process)
3. The unit of dimension marked in the step diagram is "cm".
4. Tips for making template paper: Put the template on the back of the material, fix it with some small double-sided tape, and then cut out the material to prevent the cloth or template from moving in the cutting process, or causing errors in the cut material. Or lead to insufficient materials.
5. According to the "Parts Rule Example" at the bottom of this page, refer to the parts on the part number drawing, find the actual product and compare it with the bill of materials, and then install it after confirming that it is correct. (Wooden parts only)
6. It is not advisable to apply too much glue, so as not to wait for a longer time to dry, and overflow will affect the effect of the finished product.
7. There are unavoidable small deviations in the color of wood, fabric, and beads of different batches, without notice, thanks for understanding.

Tips for Assembling Wood

Find the corresponding block number, use a knife in the connection point gently press, you can take out the wood.

Use a knife to smooth out the burr.

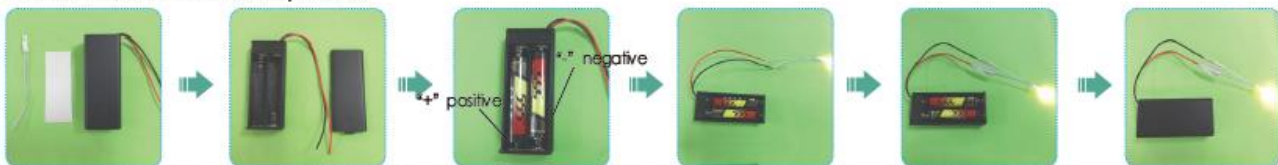

Or use sandpaper to smooth out the burr

Testing on LED function

Be sure to test the LED lights before making the lighting, note that the LED white wire to the negative, gray wire to the positive reference to the following figure operation test.

How to assemble the battery holder

1. Material and tools needed:
- Battery holder, LED bulb, tape, screw driver and 2 pieces AAA size battery (not provided)

2. Use screw driver and take the lid off from the battery holder.

3. Insert the battery take notes on the polarity.

4. Connect the red wire to grey wire. Connect the black wire to white wire.

5. Wrap the exposed wire with the tapes.

6. Place the box lid and fastness with screw driver.

Examples of parts rule:

A01: The parts are in the B bag; C01: The parts are in the C bag, and so on (Note: The printing paper is displayed in the step A19-01: The printing paper is placed directly in the box, The part number is A19-01. In the step, the template paper A20-P01 is displayed, A20 is the template paper, P01 is the cutting template used for the corresponding material, P01-01, P01-02 are the part numbers for the parts, and the printing paper and template paper are directly placed in the packaging box.)

Symbol description used

About the use of glue

Method for using glue:

1. After applying the glue, let it dry for a few seconds before pasting.
2. Fix it slightly with your hands, and finally put it aside to dry.

Tips:

When pasting the plane printing paper, a piece of waste bank card or telephone card can be used to wipe evenly after the glue is smeared on the wood board, and then the printing paper is pasted to squeeze out the air inside.

Types of glue:

White latex: Used for adhering soft materials, such as wood and paper.
Alcoholic Glue: Used for adhering hard materials such as cloth, plastic, beads, wire, dust cover, etc.

*Tips for cutting and making template paper: Put the whole template on the back of the material, fix it with some small double-sided tape, and then cut out the material to prevent the fabric or template from moving during the cutting process, or cause errors in the cut material. Or lead to insufficient material.

49  **Tea Room Signboard**

Courtyard Layout

Before making, please cut out all the wood grains in L02

Pay attention to the splicing direction

2  **L01-3**

3  **L01-4**

5  **L01-5 L01-6**

6  **L01-7 Q17**

Add appropriate amount of Q17 as photo

7  **Q15**

Add appropriate amount of Q15 as photo

8  **Q10**

9 

10  **Q03 Q10**

11 Cut out template paper P11 according to A20-P11.

12 **Small Bridge**

13  **Small Bridge**

14  **L03 L04 L03 L04**

15  **Q10 M12**

Cut out the leaves of Q11, add them as shown in the picture

16  **Q03 A19-71**

Cut out the A19-71 and add it in place

17  **K16 K16 K19**

18  **K17 K18**

30

19  **A19-70**

20  **M17 N05**

Lampshade

21  **Q12 Q12**

Follow the prompts to trim the Q12 to the corresponding height

22  **Q12 Q12**

23  **Q07 Q07**

Trim the Q07 into two parts in the same way, make 2 pieces

24  **Q04**

White Flowers

Glue the trimmed top with Q04

25  **Lampshade Q17**

Enclose the green area with Q17

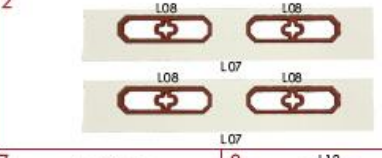

26  **Q12**

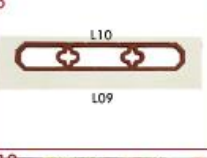

27  **Q05 Q09 Q09**

White Flowers

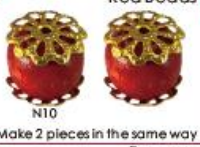

Put the plants as shown

Fence & Doorway
