

LOANS

FAW holds a large number of works and writings covering all fields of last two centuries art creation: books, magazines, zines, booklets, memorabilia, pieces of art, photographs.... For any in situ research, you can always consult our physical Archive, otherwise part of it is available on www.fawbooks.com.

Loan requests should be sent through our e-shop. Once the loan request is received, you will be asked for:

- Purpose of the loan: study, research or exhibition
- Statement: a brief description of the study, project or exhibition they will be part of
- Period of the loan
- The presentation and security conditions, if necessary
- The full name and address of the institution/company/person applying for loans and the full contact details of the person responsible for the structure, signatory of the loan agreement
- Contact details of involved parties

Incomplete request will delay the processing of the loan application. We encourage you to provide accurate information and explain thoroughly the purpose of the loan in order to make easier its approval during its evaluation.

All received requests will be evaluated by FAW and, should approval happen, FAW will contact you so as to begin with the preliminary procedures related to the loan and to coordinate the teams to carry it out. At the same time, a formal letter of loan agreement will be sent with the terms of the loan and the deposit, along with the quotes/fees to be approved by you.

If you have doubts before making a loan request, contact FAW through want@fawbooks.com to discuss the terms and conditions and any possible limitations on the loan of the works.
