

Cupola Pallet Packaging

Please review this document before unpacking

Cupolas are made in three sections for easy installation and shipping.

- 22" Cupolas and smaller ship in 1 box
- 26" Cupolas ship in two boxes
- 30" Cupolas and larger ship unboxed on a pallet

1. Cupola components are nested inside each other.

2. Remove the shrink wrap to remove the roof. The mid-section is inside the base.

3. Remove the base off of the mid-section.

4. Unscrew the fasteners that hold the mid-section in place.

5. All components are now ready for assembly.
