An award winner

Known for their exceptional engineering, innovative design and sustainable production, Hansgrohe continue to put quality and the consumer first.

Boasting three design awards in the German company's expanded range of thermostatic showers for both shower and bath installation. The shower range was driven by a need for accessible design and future-proofing homes, featuring large buttons and dials, the shower can offer up to five different outlets each of which are distinguished with easy-to-read symbols assuring a more relaxed shower experience.

"NEVER WATCH THE CLOCK OR FLOOD YOUR GARDEN AGAIN"

KEEP YOUR GARDEN GREEN

As spring approaches and the sun begins to creep out from behind the clouds, ensure your garden is kept in top condition using the Eye Apps smart water controller. Set up in only 10 minutes, attach the credit device to your outdoor tap and it converts a basic faucet into an intelligent water outlet. Using the app, or your smart home hub, you can then create automatic schedules or turn the tap on and off via remote wherever you are.
