

Product Information Booklet

IMPORTANT. RETAIN FOR FUTURE REFERENCE. READ CAREFULLY.

“The Angel Baby Box is an evolution of the original (traditionally Finnish) Baby box, which is a simple box with a tight fitting crib sheet for the baby to sleep in. Providing an enhanced Baby box experience, the Angel Baby Box has all the benefits of the original Baby box with improved safety, use-ability and comfort. Just like the original Baby box, there are no soft, loose bedding in the baby's sleep area, except for a tight fitting crib sheet. It is the traditional Baby box re-born, for the new generation.”

Unique Design Proposition

The registered design features a quick one step to transform in from a Babybox for sleeping to a play/dressing mat, that allows it to double up as a playmat to extend its usefulness and flatpacked for transportation. The transformation is seamless and simple with NO loose parts. The larger opening to smaller base angled design ergonomically facilitates easy management and carrying the baby in and out; it also provides better visibility for parents/-care-takers with a wider viewing angle.

Angel Baby Box is compact, easy to assemble, and easy to transport in its carry case, making it easy to take on the go any time needed.

Angel Baby Box can be used as a 1) Gift Box, 2) Sleeping Cot, 3) Playmat / Dressing Mat and 4) Flat Pack for travelling

Gift Box

Sleeping Cot

Play Mat / Dressing Mat

Flat Pack

Set Up as A Full Sleeping Cot

1. Remove the plastic protective bag
2. Lift the lid to open the box and remove all items within
3. Flip the lid (logo facing downwards) and place it on a flat and smooth surface on the floor, without any protruding hardware
4. Form the box as shown over the open lid
5. Ensure that sides are secured by making sure the velcro strips are well-aligned and firmly attached
6. Pass the Safety Strap through the four loops and snap the buckle together
7. Place the mattress provided in the sleeping cot and press downwards firmly to ensure that the mattress is snugly fitted and flat to the base

Set Up as Playmat / Dressing Mat

1. Remove the mattress out of the baby box
2. Unbuckle and remove the Safety Strap totally
3. Release the velcro strips and open the flaps as shown
4. Rest the flaps on a flat and smooth surface

Flat Pack the Angel Baby Box

1. Remove the mattress from the baby box
2. Flatten the box into Playmat / Dressing Mat.
3. Unbuckle and remove the Safety Strap, if attached
4. Fold the two shorter sides inwards
5. Fold the longer sides inwards too as shown
6. Fold the flaps downwards and under
7. Place the folded baby box together with the mattress beneath, inside the lid
8. Secure them with the two elastic strips within the lid

Safety Guidelines for Angel Baby Box

IMPORTANT. RETAIN FOR FUTURE REFERENCE. READ CAREFULLY.

Warning

Failure to follow the instructions and the warnings highlighted in this user guide may result in serious injury or death.

The Safety Strap on the Angel Baby Box should be fully locked in a fixed position when your baby is unsupervised in it.

Do not use this product if there are any loose or missing velcro strips, broken or torn parts.

Be aware of the risk of open fires and other sources of strong heat, such as electric bar fires etc. in the vicinity of the Angel Baby Box.

Setting up the Angel Baby Box

*THIS PRODUCT REQUIRES ADULT ASSEMBLY.

Ensure that the Angel Baby Box is set up as shown (page with box) before use (page 5-7).

Check that the Safety Strap is fully buckled-up and velcro strips adhered and tightened firmly.

All assembly fittings should always be tightened properly and that care should be taken that no parts are loose, because a child could trap parts of the body or clothing (e.g. strings, necklaces, ribbons for babies' dummies, etc.), which would pose a risk of strangulation.

The lid is designed to support the Angel Baby Box as the base. As such, do not put the lid on the Angel Baby Box when it is in use.

Check all parts before assembly and periodically during use.

Do not substitute parts.

Contact Angel Baby Box at [phone number/email] for replacement of parts if required.

Using the Angel Baby Box

Do not place the Angel Baby Box in a common walkway to avoid tripping over and or stepping into the box.

Ensure that any pets or young children stay away from the box. Always keep the Angel Baby Box on a sturdy, smooth and flat surface to avoid toppling over.

Do not modify the Angel Baby Box or add any attachments not listed in the user guide.

Do not carry the Angel Baby Box when your baby is in it.

Using the Angel Baby Box (continued)

Do not cover the Angel Baby Box with the lid when your baby is in it.

Keep the surroundings of the Angel Baby Box clear from potential falling items and hazards such as shelves, wobbly tables.

When used as a Playmat / Dressing Mat, ensure that the base and flaps are placed flat on a smooth and flat horizontal flooring.

Young children should not be allowed to play unsupervised in the vicinity of Angel Baby Box.

Do not leave your baby unattended and ensure that your baby is kept in view at all times.

The Angel Baby Box should be locked in the fixed position when a child is unsupervised in it

The Angel Baby Box is designed to be used by one baby at any one time.

Adhere to the recommended age and weight for usage.

As a sleeping box, most babies will be comfortable in their Angel Baby Box until 6 months of age or 20Lbs of weight, whichever is earlier.

****Note:** This product may not be suitable for use as a sleeping cot when your baby develop sufficient upper body strength to use his/her arms and/or have mastered the belly-to-back roll and reverse back-to-belly manoeuvre. When a child is able to sit, kneel or to pull itself up, the Angel Baby Box shall not be used anymore for this child.

Sleeping guidelines

1. Ensure nothing covers your baby's head (such as headbands, pillows).

2. Ensure there are no loose beddings around your baby's sleep area.

3. Place your baby on his or her back to sleep at all times.

4. Pillows, blankets or toys should not be placed near your baby's sleep area.

5. Keep your baby away from direct heating sources such as radiators, under-floor heating, air conditioners, electric bar fires, gas fires in the near vicinity of Angel Baby Box.

6. Do not place additional bedding to raise your baby up to a higher level.

Recommendations for Reducing the Risk of Sudden Infant Death Syndrome (SIDS)

1. Give your baby their recommended personal sleep space (such as Angel Baby Box) in the same room as you in their first 6 months.

2. Do not sleep with your baby on a sofa or armchair.

3. Keep your baby and their sleeping space (Angel Baby Box) in a smoke-free environment.

4. Avoid co-sleeping with your baby if – you are very tired, have taken medications that make you drowsy/alcohol or have smoked.

Using the Angel Baby Box Mattress

The Angel Baby Box's mattress is specially designed to prevent suffocation.

The mattress is designed in accordance to safety standards.

Use ONLY mattress sheet provided by Angel Baby Box.

The use of other mattresses, any additional padding and /or loose bedding is not recommended.

The thickness of the mattress chosen shall be such that the internal vertical height (surface of the top of the mattress to the upper edge of the Angel Baby Box sides) is at least 200mm in the high-test position of the Angel Baby Box base
