

## Included In Your Package

1. Tripod Main Body with Outer Legs
2. Rotating Base with attached Spring Clip
3. Inner Extension Legs with Thumb Screws (3)
4. Chain (1)
5. Blast Deflector
6. Bolts (4). 2 longer bolts: Cannon to Rotating Base; 2 shorter bolts w/ Nuts: Blast Deflector to Extension Barrel
7. D-Ring Carabiner to Chain
8. Rotating Base to Chain Loop Nut

## Attach the Cannon

Mount the outer side of the rotating base plate to the side of the cannon with two bolts. DO NOT place the cannon on top of the rotating base plate.

## Assemble the Tripod

Insert the inner extension tube legs into the main body outer legs and secure with 3 thumb screws. Stand the tripod upright. Insert the rotating base with attached cannon into the top of the tripod and secure with chain attachment loop nut. This is a reverse threaded bolt.

Attach the blast deflector to the cannon extension barrel using the 2 shorter bolts and nuts. The nuts should be mounted inside the barrel.

## Attach the Propane Tank

Loop chain through the chain attachment loop and through the center circular hole of the propane tank. DO NOT use the handle openings of the propane tank. Close chain with D-Ring carabiner clip.

Remove hose from gas regulator fitting and slide through center hole of the rotating base. Reattach hose to regulator. Tighten all attachments.

Upon detonation the cannon will rotate approximately 90° with each blast.

## We're Here to Help

Don't worry, we've got you covered! Your cannon is backed by our 1-Year Manufacturer's Warranty, which protects against any defects due to manufacturing.
