## INSTALLATION INSTRUCTIONS

**Step 3:** If you are replacing the two side grilles, you can overlay the new grilles on the OEM grilles or cut out the OEM grilles. For these instructions we removed the front clip and cut out the side grilles. Again use a 5/64" drill bit for piolet holes for mounting the grille inserts.

**Step 4:** Reinstall the front clip if you removed it for installation. You DO NOT need to remove the front clip, it makes it easier to trim the plastic.
