(1) 13.3mm Pinch Clamp
(1) Pro R Catch Can Assembly
(2) 22mm Pinch Clamps

### REQUIRED TOOLS

6mm Allen and Screwdriver
Pinch Clamp Tool
Cutter/Pliers

## Pro R Catch Can

**Step 1:** Install the catch can on the left-rear frame. Tighten down the clamp around the tube frame. The port on the cap will face the engine bay. Install the 1/4" rubber hose to the barb located on the bottom of the catch can. Run it down into the belly pan.

Figure 1

Figure 2

**Step 2:** Locate the engine breather hose going to the plenum (which is currently removed). Remove the hose from the engine. Remove the longer piece of hose. Keep the small piece with the connector and one-way-ball valve. Reconnect the small piece to the engine.

Figure 3

Figure 4

**Step 3:** Install the catch can hose. The “Y” portion of the hose will go to the small connector on the engine and the valve cover.
