DESIGN & DEVELOPMENT

Our team of Production Managers in California and Ningbo China are experts at taking your ideas and turning them into finished garments. Independent Trading Company has an extensive archive of design inspiration to help with development from body styles, fabrics, and embellishment techniques. It doesn't end with the custom garment... We also have a library full of trims from zipper pulls, patches, pins, labels, drawcords, hangtags, and more.

MANUFACTURING

Independent Trading Company has manufactured apparel in Asia for 30 years. In that time we have cultivated and maintained long-term partnerships with hand-selected factories in each of our product categories. The factory that built the first IND4000 in 1987 still makes them today, 30 years later. These long term factory partnerships have streamlined and perfected our production process giving us an edge in quality, consistency, and price. The difference from Independent Trading Company and other factories in China is we have our Stock Blank Apparel Collection where we make Millions of garments each year. The sheer volume of our Stock Production requires a huge infrastructure of Knitting Machines, Dye Houses, and Cut & Sew facilities. Keeping our factories busy all year round ensures us the best prices on our Custom Apparel which we pass along to you.

IMPORT & SHIPPING

The large volume of apparel that Independent Trading imports each year, assures our customers efficient customs clearance and the most reliable, economical international and domestic freight pricing. Our team handles all documentation for quick customs clearance and arranges ocean and air freight from Asia to the U.S. and other worldwide destinations.
