

Our Early Light range is an exciting addition to the Wither Hills family, offering crisp, vibrant wines at a slightly lower alcohol level for people to really enjoy.

Early Light

PINOT NOIR ROSÉ

THE EARLY LIGHT RANGE

Fruit for our Early Light range of wines is harvested early to capture optimum flavour ripeness whilst reducing the levels of naturally occurring sugar. This lower level of sugar means less alcohol is converted resulting in a lighter in alcohol style of wine.

TASTING NOTE

Fresh watermelon pink in colour with an enticing crushed ice blue hue, Early Light Rosé perfumed aromas of wild strawberries and fresh raspberries, reminiscent of summer berries is refreshing in style at 9.5% alc/vol.

TOP FOOD MATCHES

Rosé pairs beautifully with almost any food but zingy, light summer dishes are our pick.

LIGHTER IN ALCOHOL

Cheers!
