IO - L

IO - L è una libreria modulare con fissaggio pavimento-parete. Questo complemento di arredo si caratterizza per la rotondità delle sue linee e l'illuminazione LED integrata ai montanti. La luce diffusa dal retro della struttura si riflette sulla parete creando un'atmosfera intima ideale per la zona living. Abbiamo interpretato IO-L anche come una struttura modulare porta accessori per il bagno, a completamento della struttura IO con cui condivide i montanti in alluminio. La struttura è dotata di mensole in metallo e telecomando per controllare l'illuminazione a distanza.

IO-L is a modular bookcase with floor-wall fixing. This piece of furniture is characterized by the roundness of its lines and the LED lighting integrated into the uprights. The diffused light from the back of the structure reflects on the wall creating an intimate atmosphere ideal for the living room. We have also thought of IO-L as a modular bathroom shelving units to complete the IO bathroom structure as they share the same uprights and design. The structure is equipped with metal shelves and a remote control to switch on/off the light and choose light temperature.

SISTEMA DI FISSAGGIO

Il sistema di fissaggio delle barre consente di farle scorrere su tutta la lunghezza del montante e posizionarle in base alle esigenze dei clienti.

Il sistema alla base di questo movimento sfrutta una forchetta che entra nel montante e si allarga stringendo un grano, facendo presa sulle pareti del binario .

FIXING SYSTEM

The fixing system of the bars allows to slide them along the entire length of the upright and position them according to customer needs. The shelves movement is allowed by a fork placed inside the upright; the fork opens up and grips the rail's walls through the tightening of a screw.

MOVIMENTO DELLE MENSOLE

Le mensole possono essere regolate all'altezza desiderata in base alle esigenze dei clienti

SHELVES MOVEMENT

The shelves can be fixed at the desired height depending on the customers needs.

ROTAZIONE DEL PIEDE

Il piede ha un'escursione di 2 cm, la regolazione avviene tramite la sua rotazione, che può essere manuale o tramite chiave inglese, per la quale sono presenti appositi incassi.

FOOT ADJUSTMENT

The foot has got a vertical range of 2 cm, the adjustment takes place through its turning, that can be manual or by wrench, thanks to specific sockets.

illuminazione / Lighting

ILLUMINAZIONE

IO viene fornito con sistema d'illuminazione D-Motion che consente la selezione della temperatura colore (2700 K o 4000 K) di tutte le sorgenti luminose integrate nella specchio e nella struttura. La specchio è dotata di un sistema di controllo con tre interruttori touch che attivano l'accensione e lo spegnimento delle sorgenti luminose, la selezione della temperatura colore e l'attivazione del sistema anti appannamento. Le sorgenti luminose e la specchio sono protetti con grado IP44 contro gli spruzzi d'acqua. Questo prodotto contiene una sorgente luminosa di classe di efficienza energetica D.

LIGHTING

IO is supplied with the D-Motion lighting system which allows the selection of the color temperature (2700 K or 4000 K) of all the light sources integrated in the mirror and in the structure. The mirror is equipped with a control system with three touch switches that activate the switching on and off of the light sources, the selection of the color temperature and the activation of the anti-fog system. The light sources and the mirror are IP44 protected against splashing water. This product contains a light source of energy efficiency class D.

Materiale | Materials

- A** Vite da muro + tassello
Self-tapping screws + wall plug
N.4 pcs (4 x 35 mm)
- B** Vite per ferro + dado
Metric screws + nut
N.10 pcs (M4 x 30 mm)
- C** Vite per ferro
Metric screws
N.2 pcs (M3 x 8 mm)

- Barre pre assemblate
Pre assembled bars
N.5 pcs
- Supporti
Supports
N.2 pcs
- Profilo con piedi + supporti premontati
Aluminium profile + pre-assembled support
N.2 pcs
- Mensole
Shelves
N.5 pcs

Strumenti necessari | Required tools

Trapano | Drill

Punta trapano | Drill bit

Cacciavite a croce | Phillips Screwdriver

Chiave a brugola | Allen key

This is in the box!

Chiave inglese | Spanner

1 Fissare le barre | Fix the bar

Inserire una barra alla volta e assicurarla ai montanti tirando la vite dal foro sul retro della barra.

Insert one bar at a time and secure it to the uprights through the screw on the back of the bar

2 Fissare le mensole | Fit and fix the shelves

Posizionare la mensola e fissarla con vite e dado.

Place the shelf, then fix it with screw and nut.

3 Segnare le distanze | Draw distances

Prendere le distanze sul muro.

Draw distances on the wall.

4 Forare il muro | Drill into the wall

Dopo aver forato avvitare i connettori.

After drill the wall, screw the supports.

5 Fissare il Giostra-L | Place and fix Giostra-L

Unire la struttura agli attacchi al muro e fissare con la vite.

Join the structure with the supports and fix with the screw.
