SCALZI & PAREATI COLLECTION

SCALZI & PAREATI

is a way of being, of feeling, of living ...

From the desire of the woman to feel special and to want to stand out on all occasions,

was born the idea of creating a fashion line with exclusive clothing items, made to satisfy the most demanding woman.

Factor e Mestimo

Scalzi&Pareati represents the desire for freedom, for summer, the desire to walk on a beach by the sea, simply "barefoot "and with a "pareo". We turned this mood into a real lifestyle that anyone would follow and so we decided, in the 2014, on the 28th of June, the day of our wedding in Sardinia, to give life to a real fashion brand that reflects as much as possible these features.

Sardinia, in particular, the Costa Smeralda, is the land to which we have always been linked and it is our continuous source of inspiration just for its colors, perfumes, wild beaches and the desire for summer and "movida" that it transmits.

That's why Scalzi & Pareati made its debut in Porto Cervo with the fashion show for the presentation of the brand and it was immediately a success.

Scalzi&Pareati is the fashion line that enhances the femininity at all times of the day, from casual for an informal appointment, to fashion for a trendy drink, up to evening dresses for an exclusive event.

We personally choose every single fabric, constantly searching for patterns always different and particular, to transform them into unique dresses.

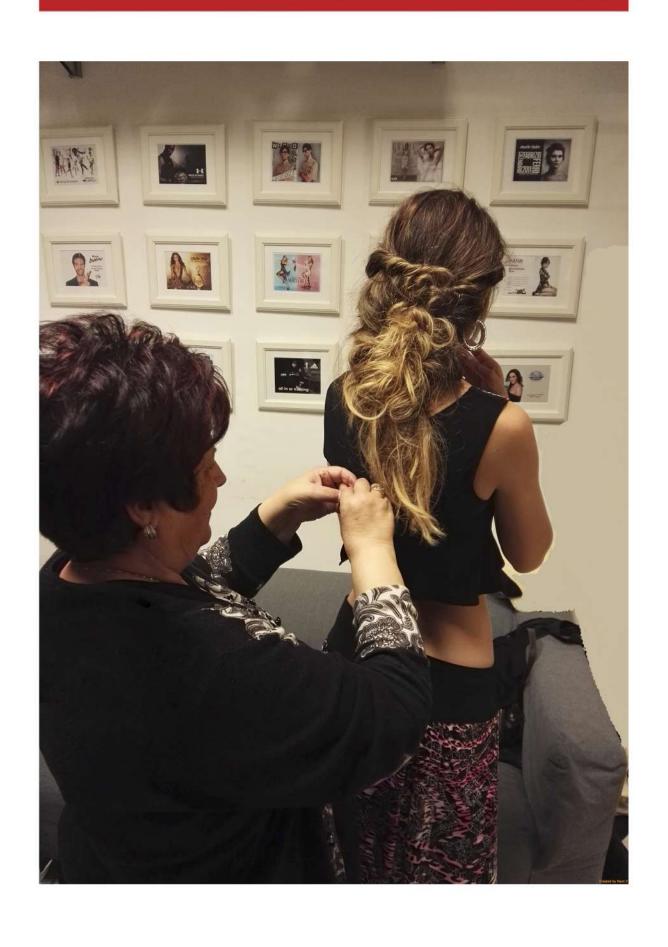

Scalzi&Pareati produces unique, tailor-made dresses made exclusively by skilled and expert hands of Italian textile craftsmanship.
