

Working to help your patients reduce blood clots and  
**remove 100% of your costs for pneumatic compression**

Thank you for considering MDS for your DVT Prevention needs.  
Here is an outline of our program:

MDS has over 13 years of experience in DME billing and is licensed, accredited and insured. MDS is also an ACHC accredited organization, *—having achieved a perfect ACHC audit score.*

- ✓ There is no cost to the facility, *—all sleeves and machines are provided as DME.*

---

- ✓ We bill all patient's insurance, as we are required to do so.

---

- ✓ MDS accepts the insurance decision as final, we do not balance bill the patient.

---

- ✓ We provide a DVT risk assessment form that allows the facility further protection from an unwanted DVT by identifying each patient's risk factors.

---

- ✓ Our program provides a significant cost savings and helps provide better protection to your patients through improved usage.

---

- ✓ We utilize the Zimmer CTC Vasopress units, we have access to other Pneumatic Compression pump manufacturers as well as Aircast, Medline and Covidien.

---

- ✓ We support your "green" initiative through an optional recycling program.
