How to use Anti Fatigue Moisturiser

Apply to clean, dry skin every morning and evening. Pump a couple of squirts of moisturiser into your hand and apply to the face and neck for fresh, firm, hydrated skin. Leaves skin feeling fresh and renewed.

How will Anti Fatigue help me?

Urban Guise Anti Fatigue Moisturiser is a superb natural formula that includes collagen to help reduce wrinkles and saggy skin. It offers an amazing blend of natural ingredients and antioxidant vitamins designed to reduce the signs of aging, improve the appearance of tired skin and maintain a firm, fresh, hydrated complexion.

Vitamin C supports the skins natural collagen production, combats free radical damage, and fights the effects of UV for fresh, firm skin. Vitamin E protects cells from oxidative stress with natural anti-aging properties, helping reduce the appearance of fine lines and wrinkles – a powerful combination.

With rich nourishing fruit oils, green tea extracts and natural, soothing aloe vera this daily formula helps to rehydrate, moisturise and refresh tired, dull or troubled skin. Naturally defies signs of ageing and helps to maintain fresh, firm skin.

What is Marine Collagen?

Marine collagen is a natural source of type 1 collagen, this has the most efficient absorption of all the collagen types. It is easily assimilated by the body and is rich in glycine, proline and hydroxyproline, the main constituents of our skin. Collagen plays a

crucial role in ensuring skin's elasticity and tissue regeneration and our marine collagen is derived from saltwater algae making it suitable for vegans.

Anything else I should know?

Our skincare products are all alcohol free. Some of our products contain cetearyl alcohol but this is a fatty alcohol which is absolutely non-irritating and can be exceptionally beneficial for skin. Fatty alcohols are not to be confused with ethyl alcohol.
