How to use Define Body Balm with CoQ10

Apply all over the body from top to toe. Use daily for best results, especially during the winter months when the cold weather can really ravage our skin.

How will Define Body Balm with CoQ10 help me?

Hot baths and showers can leave our skin dry and tight, so using an organic all-over body lotion is the perfect way to rehydrate and soothe your skin, and with the added benefit of CoQ10 this product is a bathroom cabinet essential! What is CoQ10? CoQ10, is a fat-soluble vitamin substance with antioxidant properties that are naturally present in the body. However, natural CoQ10 production declines with age, and this affects the body's ability to produce collagen resulting in the loss of elastin making skin appear wrinkled and saggy. Research shows that CoQ10 can improve the appearance of our skin as it helps cells produce energy, and as an antioxidant it helps to fight the effects of free radical damage, which can ravage the skin.

Anything else I should know?

Our skincare products are all alcohol free. Some of our products contain cetearyl alcohol but this is a fatty alcohol which is absolutely non-irritating and can be exceptionally beneficial for skin. Fatty alcohols are not to be confused with ethyl alcohol.
