- Full 90-day money-back guarantee

How will Proactazyme help me?

Proactazyme is an advanced, full-spectrum enzyme supplement, from plant sources, that helps break down food in your stomach, making it easier to digest, and is the Key System Product for the digestive system. This general-purpose enzyme supplement has been scientifically balanced for maximum effectiveness, containing protease, amylase, glucoamylase, lipase, pectinase and cellulase. Especially useful when you feel uncomfortably full after a meal.

Proactazyme contains plant-based food enzymes to break down proteins, carbohydrates, and fats, and difficult to digest foods. Proactazyme is protected with an exclusive herbal blend that buffers and stabilises the enzymes. Therefore, the enzymes are not damaged in the stomach, enabling them to work more effectively. To make them even more effective, Nature's Sunshine added plant extracts specifically selected for the digestive system.

About the Digestive System

Enzymes are the chemical catalysts that control every function in the body, and without them, body functions would be too slow to sustain life. They are an important part of our food, enabling us to break down proteins, carbohydrates and fats into their raw components that have a wide variety of uses throughout the body. Unfortunately, we often destroy enzymes in our food through overcooking, and many of us consume a diet high in refined foods that lack enzymes. Also, as we age, our bodies produce fewer enzymes, and, depending on our dietary choices, we may not get as much benefit from the foods we eat.

Why should I buy from Lily & Loaf?

Lily & Loaf embrace a natural, holistic approach to health and beauty, and value equally daily nutrition for the body and nutritional care for the skin. These strict standards for top quality suppliers ensure that every product is free from harmful toxins, pollutants and animal cruelty, but also crafted in accordance with the ethical and sustainability values held. Lily & Loaf offers only premium, natural, eco-friendly products that are free from questionable manufacturing methods used in many mass-produced products today. There is also great support from a brilliant,

independent Advisory Board - a group of highly qualified and experienced scientists, herbalists, practitioners, and health consultants with a wealth of expert knowledge and experience. And of course, our 90-day money back guarantee!

90-Day Money Back Guarantee

We deliver the very best quality and service to all our customers and every product we sell has a no quibble 90-day money back guarantee. If you are not completely satisfied with your purchase, you may return your unused product or empty container to us within 90 days for a full refund. What have you got to lose?

Simple & Fast Worldwide Delivery

We offer a fast delivery service across the UK and indeed throughout the world. So, no matter where you live, buying from Lily & Loaf is a simple and risk-free process. Start your journey today with Lily & Loaf. We know that when you try our products, you'll become a Lily & Loaf lover too.
