# BIOGRAPHY

Introducing Zemira Israel, the Haitian-born, GRAMMY® Balloted, and Billboard-charting Gospel-PBR&B Singer-Songwriter. Her journey of triumph over challenges like depression and infertility has made her a beacon of inspiration and greatness. With a name that means "song princess of the Power" in Hebrew, Zemira has been crafting her art since the tender age of 8.

As a globally distributed recording artist, Zemira has an impressive repertoire of 57 published songs, most of which she wrote, vocal produced, engineered, and administered. Her music carries a profound message for God's chosen people, reminding them of their heritage and duty unto God in Christ.

Supported by her loving husband, Bezaleel Israel, and the vibrant Ztribe community, Zemira's music has touched the hearts of many, fostering repentance and strengthening faith. Her upcoming single, "Motivation," is poised to be an electrifying experience, setting the stage for her 3rd album's grand release in late 2023. Join her on this transformative journey as she vies for the \$10K prize and prepares to grace the stage at Audacy's The Opening Act's "We Can Survive" Benefit Concert, in collaboration with AFSP (the American Foundation for Suicide Prevention), at the prestigious Prudential Center Arena. An audience of 18,000 will witness this unforgettable moment of triumph and motivation!

Stay tuned for "Motivation" on August 25, 2023, and immerse yourself in the empowering vibes that will help you conquer 'hateration' and leave a lasting imprint on your heart and soul.

My sister in Christ. Zemira Israel is an amazing artist. I remember going on Youtube looking at different hair shows, and I came across this video and you were on stage at a hair show singing the "Woolly Hair Anthem" song and I was like "Who is that sister? I have got to know who this sistah is! That's when I started checking out all of your work and I was just so intrigued and just so blessed with everything that you were doing. I saw the music video and saw you performing it on stage and I was blown away. It still resonates and rings true today. It's a beautiful thing when I'm driving in my car and my girls will say "Mommy, can you play Zemira Israel? Can you play 'Woolly Hair Anthem'". And I'm able to play that in my car with the windows down and my girls singin' that! ... You're making legacy music sis; it's living and it transcends...Thank you so much for taking the time to join me here so people can learn more about your artistry, the impact you're making,

the whole nine.
