| Rate/100 litres Spray Solution | |
|--------------------------------|-----------|
| Broad-acre & Aerial Spraying | 20 – 50ml |

A water dilutable 100g/L active silicone emulsion for foam suppression in emulsions, wettable powders and water based systems.

DIRECTIONS FOR USE: **Anti-Foam Fighter™** works effectively in very low concentrations. One to 100 parts of active silicone per million parts of water are sufficient to eliminate most foams. 20-50 mls of **Anti-Foam Fighter™** per 100L of liquid is generally sufficient to eliminate or suppress the foam in most situations. Start with the higher rate and then reduce the addition rate to achieve the desired level of foam control.

MIXING: For best results pre-dilute the **Anti-Foam Fighter™** with 5 parts of water and add to the liquid. This helps dispersion. Pre-diluted material should all be used immediately. If the system can provide adequate dispersion the **Anti-Foam Fighter™** may be added directly without pre-dilution. It is best to add to agitated liquids before foam starts to appear, however it may be added after foaming occurs to break the foam.

CONDITIONS OF SALE CAUTION: READ THIS NOTICE BEFORE OPENING THE CONTAINER. IF YOU OPEN THIS CONTAINER YOU WILL BE DEEMED TO HAVE ACCEPTED THE CONDITIONS BELOW.

The results of this product may be affected by factors beyond Sprayshop control, including mixing, use, climatic conditions, time of application, crop or crop stage and the possible development of resistance to the active ingredient, even though the product is reasonably fit for the purposes stated in this label and even though label directions are followed. Sprayshop will replace, free of charge, any product which is found to have a manufacturing defect. To the extent permitted to law, all other warranties, guarantees, representations and conditions, whether expressed or implied by law, trade, custom or otherwise are expressively excluded. A small trial is recommended.

When you use this product, you agree that neither Sprayshop nor any manufacturer of any component of the product will be liable for any damage, injury, or loss including consequential loss which arises in any way from the storage, handling, or use of the product. The exclusion of liability includes loss caused by negligent acts or omissions of Sprayshop or any supplier or manufacturer of the product or any of their employees and agents.

HAZARD CLASSIFICATION: Not classified.

TOXICITY: Harmful – may be harmful if swallowed, inhaled or absorbed through the skin. May cause eye irritation. May cause organ damage from repeated oral exposure at high doses.

ECO-TOXIC: Toxic to aquatic organism with long lasting effects. Avoid contamination of any of any water supply with product or empty container.

HANDLING PRECAUTIONS

STORAGE: Store in original container tightly closed and in a dry, cool area away from foodstuffs. Stores containing 1000 litres require secondary containment and signage and more than 1000 litres require emergency response plans.

PERSONAL PROTECTION: Avoid skin and eye contact and inhalation of spray mist. When using wear protective clothing such as goggles or face shield, impervious gloves, overalls and boots. Remove protective clothing and wash hands and face thoroughly before meals and after work.

EQUIPMENT: Apply using well maintained and accurately calibrated equipment.

DISPOSAL: Triple rinse empty container and add rinseate to the spray tank.

Recycle empty container. Otherwise crush and bury in a suitable landfill. Dispose of product only by using according to the label.

FIRST AID: If swallowed do NOT induce vomiting. For advice contact the National Poisons Centre 0800 POISON (0800 764 766) or a doctor immediately. If medical advice is needed: Have product container or label at hand. If skin or eye contact occurs remove contaminated clothing and flush skin or eyes with running water.

SPILLAGE: Exclude non-essential people from the area. Wear appropriate protective clothing and prevent material from entering waterways. Absorb spills with inert material. Dispose of waste safely.

TRANSPORT: Do not carry **Anti-Foam Fighter™** on a passenger service vehicle.

MIXING: See above.

Approved pursuant to the HSNO Act 1996,
Approval Code HSR002503.
See www.epa.govt.nz for approval controls.
