DIRECTIONS FOR USE

Blue Marker Dye™

	Water Rate/Ha	Rate/100 litres Spray Solution
Broad-acre & Aerial Spraying	Below 100L/Ha	100 – 150ml
	100-500L/Ha	50 – 100ml
	Above 500L/Ha	25 – 50ml
Handgun	-	300 – 500ml
Knapsack	-	75 -100ml/15L

Blue Marker Dye™ is a non-toxic temporary blue pattern indicator for use in many agricultural, turf and industrial applications. The bright blue colour shows you exactly where liquid pesticides and fertilisers have been applied. It helps to prevent skips and overlaps, and aids in detecting spray drift.

MIXING PROCEDURE add the desired amount of **Blue Marker Dye™** directly into the partly filled spray tank after the pesticide or foliar fertiliser has been added. Agitate while filling with the remaining amount of water to ensure the **Blue Marker Dye™** is completely dispersed.

CONDITIONS OF SALE CAUTION: READ THIS NOTICE BEFORE OPENING THE CONTAINER. IF YOU OPEN THIS CONTAINER YOU WILL BE DEEMED TO HAVE ACCEPTED THE CONDITIONS BELOW.

The use of **Blue Marker Dye™** being beyond the control of the manufacturer, no warranty expressed or implied is given by the distributor regarding its suitability, fitness of efficiency for any purpose for which it is used by the buyer, whether in accordance with the directions or not and the distributor accepts no responsibility for any consequence whatsoever resulting from the use of this product.

HAZARD CLASSIFICATION: Not classified.

TOXICITY: Harmful – may be harmful if swallowed, inhaled or absorbed through the skin. May cause eye irritation. May cause organ damage from repeated oral exposure at high doses.

ECO-TOXIC: Toxic to aquatic organism with long lasting effects. Avoid contamination of any of any water supply with product or empty container.

HANDLING PRECAUTIONS

STORAGE AND DISPERSAL: Store in the closed original container in a cool, dry, well ventilated area out of direct sunlight and away from foodstuffs and drink containers. Triple rinse empty containers adding the residue to spray tank. Dispose of empty container by burial at an approved disposal site.

PERSONAL PROTECTION: Avoid skin and eye contact and inhalation of spray mist. When using wear protective clothing such as goggles or face shield, impervious gloves, overalls and boots. Remove protective clothing and wash hands and face thoroughly before meals and after work.

EQUIPMENT: Apply using well maintained and accurately calibrated equipment.

DISPOSAL: Triple rinse empty container and add residue to the spray tank. Recycle empty container. Otherwise crush and bury in a suitable landfill. Dispose of product only by using according to the label.

FIRST AID: If swallowed do NOT induce vomiting. For advice contact the National Poisons Centre 0800 POISON (0800 764 766) or a doctor immediately. If medical advice is needed: Have product container or label at hand. If skin or eye contact occurs remove contaminated clothing and flush skin or eyes with running water.

SPILLAGE: Exclude non-essential people from the area. Wear appropriate protective clothing and prevent material from entering waterways. Absorb spills with inert material. Dispose of waste safely.

TRANSPORT: Not scheduled as dangerous goods for transport.

MIXING: See above.

Approved pursuant to the HSNO Act 1996,
Approval Code HSR002503.
See www.epa.govt.nz for approval controls.
