DIRECTIONS FOR USE

Foam Marker Concentrate™

DIRECTIONS FOR NORMAL APPLICATION:

Dilute **Foam Marker Concentrate™** 1.5 litre to 100 litres of water in the foam generator tank.

FOR EXTREME TEMPERATURE CONDITIONS (ABOVE 35°C)

Dilute **Foam Marker Concentrate™** 2.5 litre to 100 litres of water in the foam generator tank. These ratios will produce a thick heavy foam which can be dropped in at intervals of 1 to 25 meters. Marker can be operated at speeds of 25km/hour with no adverse effects to foam quality.

IMPORTANT MIXING INFORMATION:

1. Mix and use **Foam Marker Concentrate™** as soon as possible.
2. Do not mix and leave standing for extended time as this will turn the foam sloppy.
3. Mix at 1.5% will give a light foam - Mix at 2.5% will give sticky large blobs.

4. Mixing with rain water is preferred.

5. If mixing with bore or soak water the mixture may need to be increased. (These may differ depending on machinery type).

DESCRIPTION:

Foam Marker Concentrate™ is used for pasture, broad acre crops and direct drilling. **Foam Marker Concentrate™** is a highly concentrated, stable foam detergent suitable for all foam marking systems. A high quality dense foam is produced which is stable for up to 9 hours in favourable weather conditions. The high density foam produced has a high adhesive factor which resists wind movement on either plants, leaves or barren soil. The concentrate is completely water soluble and disperses in hard or soft water. The foam is not affected by saline water.

CONDITIONS OF SALE CAUTION: READ THIS NOTICE BEFORE OPENING THE CONTAINER. IF YOU OPEN THIS CONTAINER YOU WILL BE DEEMED TO HAVE ACCEPTED THE CONDITIONS BELOW.

The results of this product may be affected by factors beyond Sprayshop control, including mixing, use, climatic conditions, time of application, crop or crop stage and the possible development of resistance to the active ingredient, even though the product is reasonably fit for the purposes stated in this label and even though label directions are followed. Sprayshop will replace, free of charge, any product which is found to have a manufacturing defect. To the extent permitted to law, all other warranties, guarantees, representations and conditions, whether expressed or implied by law, trade, custom or otherwise are expressively excluded. A small trial is recommended.

When you use this product, you agree that neither Sprayshop nor any manufacturer of any component of the product will be liable for any damage, injury, or loss including consequential loss which arises in any way from the storage, handling, or use of the product. The exclusion of liability includes loss caused by negligent acts or omissions of Sprayshop or any supplier or manufacturer of the product or any of their employees and agents.

HAZARD CLASSIFICATION: Not classified.

TOXICITY: Harmful – may be harmful if swallowed, inhaled or absorbed through the skin. May cause eye irritation. May cause organ damage from repeated oral exposure at high doses.

ECO-TOXIC: Toxic to aquatic organism with long lasting effects. Avoid contamination of any of any water supply with product or empty container.

HANDLING PRECAUTIONS

STORAGE: Store in original container tightly closed and in a dry, cool area away from foodstuffs. Stores containing 1000 litres require secondary containment and signage and more than 1000 litres require emergency response plans.

PERSONAL PROTECTION: Avoid skin and eye contact and inhalation of spray mist. When using wear protective clothing such as goggles or face shield, impervious gloves, overalls and boots. Remove protective clothing and wash hands and face thoroughly before meals and after work.

EQUIPMENT: Apply using well maintained and accurately calibrated equipment.

DISPOSAL: Triple rinse empty container and add rinseate to the spray tank.

Recycle empty container. Otherwise crush and bury in a suitable landfill. Dispose of product only by using according to the label.

FIRST AID: If swallowed do NOT induce vomiting. For advice contact the National Poisons Centre 0800 POISON (0800 764 766) or a doctor immediately. If medical advice is needed: Have product container or label at hand. If skin or eye contact occurs remove contaminated clothing and flush skin or eyes with running water.

SPILLAGE: Exclude non-essential people from the area. Wear appropriate protective clothing and prevent material from entering waterways. Absorb spills with inert material. Dispose of waste safely.

TRANSPORT: Do not carry Foam Marker Concentrate™ on a passenger service vehicle.

MIXING: See above.

Approved pursuant to the HSNO Act 1996, Approval Code HSR002503. See www.epa.govt.nz for approval controls.
