Re: Spill No.: 1309167
Spill Site: BJ's Wholesale Club, 11 Plaza Drive, Auburn, New York

Dear Mr. Guay:

The NYS Department of Environmental Conservation (the Department) has made a determination that you have completed all required remedial activities with regard to the referenced petroleum spill site.

The Department has reviewed the records and data submitted regarding cleanup actions at the above referenced petroleum spill site. These records included, but were not limited to Environmental Products & Services of Vermont, Inc., letter report dated April 9, 2015. Based on such review, the Department has determined that you have completed the necessary cleanup and removal actions, and no further remedial activities are necessary.

Nothing contained herein shall be construed as barring, diminishing, or in any way limiting the Department's authority under the Navigation Law or the Environmental Conservation Law, including the authority to require additional remedial work, if necessary.

Should you have any questions concerning this matter, please contact me at (315) 426-7523.

Sincerely,

Richard J. Brazell, PE
Regional Spill Engineer

Record Close

Date Spill Closed: 12/20/2012

"Date Spill Closed" means the date the spill case was closed by the case manager in the Department of Environmental Conservation (the Department). The spill case was closed because either; a) the records and data submitted indicate that the necessary cleanup and removal actions have been completed and no further remedial activities are necessary, or b) the case was closed for administrative reasons (e.g., multiple reports of a single spill consolidated into a single spill number). The Department however reserves the right to require additional remedial work in relation to the spill, if in the future it determines that further action is necessary.

If you have questions about this reported incident, please contact the Regional Office where the incident occurred.
