UNIQUE FEATURES

- Fashion forward ladies blouse - the modern alternate to a business shirt.
- Easy care Polyester Satin Fabric has a luxury appearance whilst being machine washable.
- Subtle shoulder pleat details create a soft drape for the blouse to flatter without clinging.
- 3/4 sleeve with added elastic through the cuff allows unrestricted elbow movement.
- Metal trimmed enamel-look buttons add to the up-market appeal but at an affordable price.
- On-Trend colours enliven your existing uniform and present a point of difference.
- Deep size range 6-26 ensures everyone can enjoy the Shimmer look!

DECORATION

- Recommend small embroidery. Consider alternate logo placements, i.e. sleeve cuff, collar tip or hem corner. Always consult your decorator to ensure your design can be embroidered appropriately.

CO-ORDINATES WITH

- Shimmer Tie Neck Top is an alternate style in the same fabric.
- Our Verve Shirt colour palate coordinates perfectly with the Shimmer range - particularly if a matching Mens style is required.

FITS LIKE

- True to general Biz Collection women's sizes but best to try on as fabric is non-stretch.

- Corporate and Business Uniforms
