TIPS:

Thank you for choosing our product!

To ensure that the machines are free of quality issues, we conduct 100% inspections.

However, some shred papers may remain in the basket or on the blades during machine testing. If this causes any discomfort or inconvenience, please contact our customer service and we will provide better service for you. Thank you!

IMPORTANT!

1. Please read and keep the manual for future reference.
2. Carefully read each step and follow the correct sequence of operation.
3. Please place the equipment on a flat and stable surface to prevent tipping over, as this may cause the machine to crack or become unusable.
4. The device should be placed as close as possible to an accessible wall outlet.
5. Do not disassemble, modify or repair the device on your own to avoid electric shock, injury or damage to the machine.
6. When you empty the basket, move the device, or do not need to use the device for a period of time, make sure the device is turned off and unplug the power plug to prevent fire or electric shock.
7. Do not use flammable liquids, gases, water or cleaners to clean the device to avoid fire or electric shock.
8. Do not use the device in a high temperature, high humidity, or heavily dusty environment to prevent fire, electric shock, or machine malfunction.
9. Do not put tape, carbon copy paper, fabric, plastic film, etc. into the device for shredding to avoid damage to the machine.
10. Do not damage or process the power cord, and do not place heavy objects on the cable to avoid fire, injury or electric shock.
11. If smoke or odor occurs during use, immediately turn off the power and stop using it to prevent fire or electric shock.
12. Do not use the shredder or power cord if it is damaged or defective to avoid fire or electric shock.
13. Do not shred greeting cards with sound chips or batteries to avoid fire or electric shock.
14. Where the mains plug or an appliance coupler is used as the disconnect device, the disconnect device shall remain readily operable.

IMPORTANT SAFETY INTRODUCTIONS BEFORE FIRST USE

WARNING

User information / safety instructions.

Please do not allow children to use the machine.

* There are sharp blades inside the machine so as to avoid injury. Please be sure to exercise caution when using it.

TROUBLESHOOTING

Malfunction	Reason	Solution
Stop Working	The power plug doesn't connect to the power supply.	Please kindly check whether you use the machine with related supply voltage or Plug in again correctly.
	Power supply voltage is too low or no power supply.	Please kindly find a related supply voltage to use it .
	The machine is under overheating protection, because the machine is over the continues working capacity.	Wait for the machine to cool down naturally.
	The thickness of paper is too thin.	To make the paper thicker ,You can add more papers or fold the paper.
	The machine is overloading, because the paper is over machine Max shredding quantities.	Reduce paper quantity with an acceptable amount and place the paper into the feeding opening of shredder again.
	Damage of power cable.	Please replace the power cable with the same parameters by professional person or contact with our customer service.
	The basket is full.	Empty the basket.
	Defective of machine.	Please kindly contact with our customer service.
Jam	Paper jam.	Please kindly use the function of "Reverse" to take out the excess paper.
Keep Running	Paper dust and other foreign objects cover the sensor. The location of sensor is in the shredder's feeding opening look like glass beads or marbles.	1.Please unplug first and use soft cloth or cotton swab to clean the foreign objects without any cleaner or water . 2.If there are some paper scraps around the sensor area ,please kindly use cotton swab or needle nosed pliers to take out the paper scraps . ⚠CAUTION :please don't overexert and use Sharp tools to clean or poke the sensor to avoid damaging the sensor.
Loud Noise	The shredder is placed on an unsuitable place.	Change the location.

If the above answers can not solve your problems, please kindly contact with our customer service team via email **customer-care@bonsaii.com**

LIMITED WARRANTY

Warranty Period: Machines are covered by a 1-year limited warranty and cutters are warranted for 1 years from the date of your original retail purchase from us. The warranty is not transferable to any subsequent purchaser or recipient of the product.

We have great confidence in our products and offer a 30-day money-back guarantee. During this period, if the product has manufacturing defects or fails to meet your expectations, please notify us via email within 30 days of receiving the product. We will assist you in returning or replacing the product. Once the complete return is processed, your original payment method will be refunded in full. After 30 days, a restocking fee of 20% may be charged for the return, and all shipping and handling costs will be borne by the customer. After 60 days, the product is non-refundable.

Further details regarding returns are as follows:

If you receive a damaged product, you must notify us within 48 hours of receipt. We will investigate the claim and inform the shipping company of the damage. Please keep all packaging for bonsaii or the shipping company to inspect if necessary. These investigations may take a few days, but the replacement of the goods will be processed as soon as possible.

If the product has defects or damages, we are sorry to hear that it did not meet your expectations perfectly. We aim to resolve this issue as quickly as possible with the help of our customer support team and quality assurance team. They will need to know your order information and the issues you have encountered with the product. Please inform us of your concerns by email and provide the order number. We may require you to take a short video or photos of the product's flaws. After preliminary analysis of the video or images, if it is confirmed that the product has defects, we will immediately send a brand-new replacement product. If we determine that you have misjudged the condition of the product and there are no defects, we will provide you with the correct instructions for use and assist you in using the product correctly.

In line with our policy of continuous development we reserve the right to change this product, packing and documentation specification without notice.

If you have any questions or any confusions, Please kindly contact with us:
