drenching  
50 cc twice  
per day to  
you sheep  
or goat.

**2**

Each day,  
Increase  
the amount  
being  
drenched  
by 20cc  
each time.

**3**

Work them  
up to 150cc  
twice  
per day.

Refrigerate once mixed. It will keep for  
at least 5 days.

# THEY'RE NO LONGER GREEN, NOW WHAT?

## Keep using Texas Tea.

Prolonged use of TX T will condition their hide and give a 'shrink wrapped' look in the show ring. Every judge will admire their muscle shape, size and dimension.

Gold Dust does more than just get them past their skinny stage. Gold Dust is the Best Selling show prep drench in the USA for a reason. Continue using If you want to:

- Push them harder
- Build a back before your show
