

# inexpensive ways to REFRESH YOUR SPACE

how painting your furniture can add new life to your space without breaking the bank

A fresh coat of paint on the furniture you already love in your space or even the pieces you are growing tired of is a quick, easy and cost-effective way to make your space feel new again.

Along with their range of beautiful paint colours, topcoats, brushes, and embellishment products, Jolie offers fresh inspiration for style and colour that can be easily incorporated into your home.

Here are some easy tips from Jolie to update your home and make your DIY dreams come true.

## Refresh an heirloom

Want to keep that dark wood dining table that has been in your family for generations, but it doesn't fit your style? Jolie Paint can be applied directly over most previously treated surfaces without sanding or priming. Paint your table a fresh white, like Gesso White for a clean, modern look.

## Make a statement

Add a bold touch to your space by painting a chair in a statement blue, like Deep Lagoon, or repaint an old china hutch in a dark, sophisticated colour, like Noir. Make a statement with colour by mixing two or more Jolie Paint colours together to create your perfect custom hue.

“ Jolie helps you personalize your home and create something beautiful. Everyone deserves a space that offers balance and peace to their everyday life. ”

Lisa Rickert  
Founder/CEO, *Jolie*

## Paint accessories

Not ready to commit to changing the whole look of a space? Jolie Paint adheres to almost any surface, including wood, previously painted and waxed surfaces, metal, matte plastics, brick, concrete, and stone. Re-paint accessories like vases, picture frames or trays to add smaller pops of colour and bring new life to accessories you already have. It's so easy, you can change up the colours every season!

Hutch painted with Jolie Paint in Noir and finished with Jolie Finishing Wax in Clear. Chair painted with Jolie Paint in Cocoa and finished with Jolie Finishing Wax in Clear.

## Learn from an expert

Jolie Retailers offer tons of resources to get you started. Take a workshop, browse the Jolie Everyday Guide, and see tons of inspiration at your local shop. Many Jolie Retailers even offer custom painting services to help you with specific project needs.

Jolie understands the positive impact a quick home transformation can have on your life. **Shop Jolie online or find a local Jolie Retailer:**
