

SCAN COIN 3003 Universal Coin Counter

SC 3003 Universal with coin hopper

The SCAN COIN 3003 Universal is a high capacity coin counter and its quality and variety of smart functions are appreciated by thousands of users worldwide. In short, the SC 3003 Universal is considered to be one of the most robust and high quality coin counters on the market today.

A high-speed coin counter

The SC 3003 Universal coin counter has been especially developed to count large quantities at a fast rate, ensuring efficient and reliable counting of incoming coins or tokens. Its high capacity, up to 3,500 coins per minute, makes it a popular coin counter at banks and cash centres all over the world. The SC 3003 Universal features an auto-stop when the last coin has passed, and a non-volatile memory allows storage of the counted coins. The automatic off-sorting of smaller coins allows the separation of mixed denominations.

State-of-the-art reliability

Trust SC 3003 Universal to consistently deliver accurate results. The electronic inductive sensor guarantees high precision counting while making the SC 3003 Universal virtually unaffected by dirt and grime. This results in reduced wear and cleaning, as well as the prevention of annoying interruptions. The machine also features a built-in function for re-versing jammed coins and restarting automatically.

Easy denomination selection.
