SAFETY & WARNING

IMPORTANT SAFETY INSTRUCTIONS

1. Read these instructions. Keep these instructions. Follow all instructions. Heed all warnings.
2. Do not use the device near water.
3. Clean only with a dry cloth.
4. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
5. Do not install near any heat sources such as radiators, heaters, stoves, or other devices (including amplifiers) that produce heat.
6. Do not ignore the safety measures of a polarized or grounding-type plug. A polarized plug has two blades, one wider than the other.
7. Pay special attention to the positioning of cords, plugs, and power sockets, especially the point where they exit from the unit.
8. Only use attachments/accessories specified by the manufacturer.
9. Unplug this apparatus during lightning storms or when not in use.
10. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, for example, when the power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

CHARGING

•Connect one end of the provided charging cable to the charging input and the other end to a standard 5V/2A adapter.

•While getting charged, the LED stays red. Once the speaker gets fully charged, the LED turns off.
