

LUNAR PEAK

USER MANUAL

boat

LUNAR PEAK

Thank you for choosing the boAt Lunar Peak as your fitness transformation companion.

Allow this manual to guide you through the functioning of your smartwatch. Please read it thoroughly before using it for a smooth sail. You may refer to these instructions for later use as well.

Weather

With the weather feature on your smartwatch, you can stay informed about current weather conditions and forecasts at a glance. Whether you need to know the temperature, chance of rain, or general weather outlook, your smartwatch provides weather updates, keeping you prepared and allowing you to plan your activities accordingly.

Camera

The camera function on your smartwatch allows you to capture images using App. With a tap on your smartwatch, you can activate the camera and capture photos directly from your wrist. Whether you want to take a quick snapshot or document a special moment, the camera function offers a convenient way to capture images without needing to reach for your smartphone or a separate camera.

Find Phone

Tap on this icon to find your phone. Once enabled, your phone will start ringing and vibrating.
Tap again to stop it.
Note: Your smartwatch should be connected to your phone via Bluetooth and within its range for this feature to work.

Stopwatch

The stopwatch function on your smartwatch allows you to accurately measure elapsed time for various activities. With a simple tap, you can start, stop, and reset the stopwatch, making it useful for tracking your workout sessions, timing tasks, or even monitoring your performance in sports events. The stopwatch feature provides a convenient and precise way to keep track of time on your wrist.

Timer

The timer function on your smartwatch allows you to accurately set and track countdowns for various purposes. Whether it's timing your workouts, cooking, or managing tasks, the timer feature helps you stay on track and alerts you when the set time has elapsed. With its user-friendly interface, the timer function is a handy tool to keep you organized and efficient in your daily activities.

World Clock

The world clock feature on your smartwatch allows you to conveniently keep track of time in different time zones across the globe. Using the companion app, you can easily set and customize world clock to display the current time in various cities or regions. Whether you're a frequent traveler or need to stay connected with friends and colleagues in different time zones, the world clock feature ensures you're always aware of the time wherever you go, helping you stay organized and coordinate with ease.

AI Voice

The AI voice assistant feature on your smartwatch allows you to interact with your device using voice commands. Simply speak your requests or questions, and the smartwatch's AI technology will provide you with helpful information, perform tasks, or assist with various functions.

Note: Your smartwatch should be connected to your phone via Bluetooth and within its range for this feature to work.

Stock Market

The stock market feature on your smartwatch allows you to stay updated on the latest stock prices and trends. By setting up your preferred stocks and using the App, you can conveniently track the performance of specific stocks and monitor real-time market data. This feature provides you with quick access to valuable financial information, helping you make informed investment decisions and stay connected to the ever-changing world of the stock market.

MAINTENANCE

Regularly clean your wrist and the strap of the smartwatch, especially after sweating during exercise or being exposed to substances such as soap or detergent, which may get stuck on the other end of the product.
Do not wash the strap with a household cleanser. Please use soap less detergent, rinse thoroughly and wipe with a piece of soft towel or napkin.
For spots or stains that are not easy to remove, scrub the area with rubbing alcohol and then follow the above procedure.

FAQ

Search for the app to connect keeps failing

1. Keep the boAt Sync app updated to the latest version
2. Close all the programs on the watch -> Stop and restart Bluetooth and GPS -> connect again
3. Check and enable notification functions of your phone and keep the phone and watch in close contact.

Note: Make sure your phone system meets Android 7.0 and above and iOS 12.0 and above

My Watch Lunar Peak is receiving no alerts, texts, or phone calls

Make sure smart reminders on the app are on and synced to the Lunar Peak. Also make sure your notification center of the phone is displaying messages. Only then will your smartwatch also display those notifications. Make sure the notification center of the phone is not in the background and battery optimization feature on the phone is disabled.

My Bluetooth keeps getting disconnected

1. Make sure there is not more than 7m distance between Bluetooth on the phone and the watch.
2. There is no obstacle in between the watch and the phone.
3. Make sure the app is running in background.

Which functions of the Lunar Peak need Bluetooth to work?

Call & Text Notifications, Find My Phone, music control, camera control, weather forecast, cloud and custom watch faces and Bluetooth calling need Bluetooth connectivity to work.

Will it be okay to take a bath wearing the Lunar Peak?

The IP68 water resistance will only work under the following conditions:
(1) Maximum depth of water: 1m (2) Maximum time for exposure to water: 10 minutes
The watch isn't suitable for hot baths, hot springs, saunas, snorkeling, diving, water skiing and other wading or deep-water activities with high-speed water flow.

SAFETY & PRODUCT INFORMATION

Battery

Do not disassemble, bore or damage the battery.
Do not disassemble the built-in batteries of non-replaceable battery devices.
Do not use sharp objects to remove the battery.

HEALTH WARNING

- If you are wearing a pacemaker or other implanted electronic devices, please consult your doctor before using the heart rate monitor of the watch.
- The optical heart rate sensor will glow green if you suffer from epilepsy or are sensitive to blinking light sources, please consult your physician before wearing this device.
- The device tracks your daily activities through sensors. This data is intended to tell you about your daily activities such as steps, sleep, distance, heart rate and calories, but may not be completely accurate.

- The device accessories, heart rate sensor, oxygen level monitor, and other relevant data is designed for fitness and not for medical purposes. They are not applicable to the diagnosis, monitoring, treatment or prevention of any diseases or symptoms. The heart rate and blood pressure data is for reference only. We're not responsible for any deviation in data.
- Avoid wearing the watch too tightly. Make sure you keep your skin dry - the area that comes in contact with the watch. If symptoms such as redness or swelling appear on your skin, immediately stop using the watch and consult the doctor.

THINGS TO KEEP IN MIND

- Sync data everyday days to avoid data loss.
- Water Resistance will not work for seawater, acidic and alkaline solutions, chemical reagents and other corrosive liquid. The damage or defects caused by misuse or improper use are not covered by the warranty.
- Sports modes support up to 6 hours of exercise at a time.
- Avoid wearing the watch too tight in daily use. Keep the parts of skin touching the watch dry.
- Keep your arm still while measuring data for accurate measurement.
- Disclaimer: This product is an electronic monitoring product and is not intended as a medical reference. We reserve the right to modify or improve any of the functions described in this manual without any prior notice. At the same time, we hold the right to continuously update the product content.

CAUTION

RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT SUBSTITUTE.
DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS.
Old electrical appliances must not be disposed of together with the residual waste, but have to be disposed of separately. The disposal at the communal collecting point via private persons is for free. The owner of old appliances is responsible to bring the appliances to these collecting points or to similar collection points. With this little personal effort you contribute to recycle valuable raw materials and treatment of toxic substances.
