BLUETOOTH CONNECTIVITY

1. Turn the speaker on and the LED blinks in blue colour
2. Activate the phone's Bluetooth functionality and search for "Stone 105". As soon as the speaker gets selected by you and paired, there comes a sound prompt indicating pairing and the blue LED turns steady

NOTE:

- The speaker can automatically reconnected to the last paired device.
- The speaker gets automatically turned off if there's no pairing established in 10 minutes.

TWS CONNECTION:

1. Turn the speakers on that you require to be forged into one, both under Bluetooth mode. You need to set up only one of the two units.
2. Double press the MFB on one of the speakers to establish TWS connectivity.
3. A tone gets heard again along with the blue LED turning steady; it may take a few seconds before the two speakers get connected.
4. Activate the phone's Bluetooth and search for "Stone 105" to establish pairing.

TF MODE

- Turn on the speaker
- Insert a Micro SD card in to the TF card slot and it will switch to TF card mode automatically

FM MODE

- Press "+" button and MFB simultaneously to switch to FM mode.
- Under FM mode, long press the "+" and "-" buttons to start scanning the radio stations

NOTE

- You may use the provided USB cable to work as an antenna for clarity in the FM mode.

CHARGING

- Connect one end of the provided charging cable to the charging input and the other end to an adaptor of DC 5V 2A.
- During the charging state, the charging LED indicator is solid red in colour.
 - Once the battery gets fully charged, Charging LED turns off

NOTE

- Please don't use the speaker while it is in charging as it may decrease the battery's performance.
