WAVE ARCADE

boAt

WAVE ARCADE

Thank you for choosing the boAt Wave Arcade as your fitness transformation companion.

Allow this manual to guide you through the functioning of your smartwatch. Please read it thoroughly before using it for a smooth sail. You may refer to these instructions for later use as well.
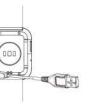

USER MANUAL

PACKAGE CONTAINS:
- boAt Wave Arcade x1
- USB magnetic charging cable x1
- User Manual x1
- Warranty Card x1

CHARGING THE WATCH

The smartwatch must be charged before initial use. It takes 2 hours to be fully charged. Connect and charge the watch with the image below as a reference, using a 5V/2A adapter.

Note: Once your watch is at 10% battery, it will automatically switch to power-saving mode which will disable all functions.

TURNING THE WATCH ON/OFF

To turn the watch on/off, long-press the side button for 3-5 seconds.
You can wake the screen by lifting your wrist

CONNECTING TO THE APP

1. Download the boAt Wearable app on your phone. Available on both App Store (iOS 12.0 and above) & Google Play Store (Android 7.0 and above)

OR

Scan [QR CODE]

2. Connect the device with the boAt Wearables app
3. Select Arcade on the home screen of the app and click pair to connect.
4. Click on "pair" when you get a prompt to connect with ARCADE_BT. This is required if you want to attend calls on your watch.
5. Alternatively, you can go to your phone's setting and pair ARCADE_BT manually.
4. To use all features of your Wave Arcade seamlessly, tap on 'yes' to the 'connection' and 'grant access' system prompt.
5. Turn your phone's Bluetooth and GPS on.
6. Disable battery optimization

Note: To ensure connectivity throughout your journey, make sure the app is allowed to run in the background of your phone at all times. iPhones will not prompt any information unless you complete Bluetooth pairing with Wave Arcade

SYNCING YOUR SMARTWATCH TO THE APP

Data Synchronization
- Open the app on your phone.
- Make sure your wave arcade is connected to the app
- Synchronization will start automatically once you enter the app interface.

Note: Synchronize data at least once a day to avoid data loss in the watch.

NAVIGATING THROUGH THE FUNCTIONS

MAINTENANCE
Regularly clean your wrist and the strap of the smartwatch, especially after sweating during exercise or being exposed to substances such as soap or detergent, which may get stuck on the other end of the product.
Do not wash the strap with a household cleanser. Please use soap less detergent, rinse thoroughly and wipe with a piece of soft towel or napkin.
For spots or stains that are not easy to remove, scrub the area with rubbing alcohol and then follow the above procedure.

Search for the app to connect keeps failing
1. Keep the boAt Wearables app updated to the latest version
2. Close all the programs on the watch Stop and restart Bluetooth and GPS Connect again
3. Check and enable notification functions of your phone and keep the phone and watch in close contact.
Note: Make sure your phone system meets Android 7.0 and above and iOS 12.0 and above.

My Wave Arcade is receiving no alerts, texts, or phone calls
Make sure smart reminders on the app are on and synced to the Wave Arcade.
Also make sure your notification center of the phone is displaying messages. Only then will your smartwatch also display those notifications.
Make sure app is running in the background and battery optimization feature on the phone is disabled.
Make sure ARCADE_BT is connected from the phone to receive calls on the watch

My Bluetooth keeps getting disconnected
1. Make sure there is not more than 7m distance between Bluetooth on the phone and the watch.
2. There is no obstacle in between the watch and the phone.
3. Make sure the app is running in background.

Which functions of the Wave Arcade need Bluetooth to work?
Call & Text Notifications, music control, camera control, weather forecast, cloud and custom watch faces and Bluetooth calling need Bluetooth connectivity to work.

Will it be okay to take a bath wearing the Wave Arcade?
The IP68 water resistance will only work under the following conditions:
(1) Maximum depth of water: 1.5m (2) Maximum time for exposure to water: 10 minutes
The watch isn't suitable for hot baths, hot springs, saunas, snorkeling, diving, water skiing and other wading or deep-water activities with high-speed water flow.

How to use Bluetooth calling feature on the watch?
1. Open the boAt Wearables app, pair the watch with the app first.
2. Once paired you will get the pop-up on the app home screen to connect with Phone's Bluetooth
3. Click on "pair" to connect with phone's Bluetooth
4. Alternatively, you can go to phone's Bluetooth settings and pair "ARCADE_BT" to start the calling feature on your watch

How to add contacts in the watch?
Open App> devices -> device info-> contacts
You can select up to 50 contacts from your phonebook which will be synced with the watch.
Once you initiate the call from the watch, you can select caller name from the list or directly dial the number from the watch.

SAFETY & PRODUCT INFORMATION

Battery
Do not disassemble, bore or damage the battery.
Do not disassemble the built in batteries of non-replaceable battery devices.
Do not use sharp objects to remove the battery.

Health Warning
If you are wearing a pacemaker or other implanted electronic devices, please consult your doctor before using the heart rate monitor of the watch.
The optical heart rate sensor will glow green. If you suffer from epilepsy or are sensitive to blinking light sources, please consult your physician before wearing this device.
The device tracks your daily activities through sensors. This data is intended to tell you about your daily activities such as steps, sleep, distance, heart rate and calories, but may not be completely accurate.
The device accessories, heart rate sensor, oxygen level monitor, and other relevant data is designed for fitness and not for medical purposes. They are not applicable to the diagnosis, monitoring, treatment or prevention of any diseases or symptoms. The heart rate and blood pressure data is for reference only. We're not responsible for any deviation in data.

Avoid wearing the watch too tightly. Make sure you keep your skin dry - the area that comes in contact with the watch. If symptoms such as redness or swelling appear on your skin, immediately stop using the watch and consult the doctor.

Things to keep in mind
Sync data everyday days to avoid data loss
Water Resistance will not work for seawater, acidic and alkaline solutions, chemical reagents and other corrosive liquid. The damage or defects caused by misuse or improper use are not covered by the warranty.
Sports modes support up to 6 hours of exercise at a time.
Avoid wearing the watch too tight in daily use. Keep 2-3 parts of skin touching the watch dry.
Keep your arm still while measuring data for accurate measurement.

Disclaimer: This product is an electronic monitoring product and is not intended as a medical reference. We reserve the right to modify or improve any of the functions described in this manual without any prior notice. At the same time, we hold the right to continuously update the product content.

CAUTION
RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT SUBSTITUTE.
DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS.
Old electrical appliances must not be disposed of together with the residual waste, but have to be disposed of separately. The disposal at the communal collecting point via private persons is for free. The owner of old appliances is responsible to bring the appliances to these collecting points or to similar collection points. With this little personal effort you contribute to recycle valuable raw materials and treatment of toxic substances.
