

FLEX YOUR CHARGE

USER MANUAL

boAt WAVE PRO

Thank you for choosing the boAt Wave pro as your fitness transformation companion.

Allow this manual to guide you through the functioning of your smartwatch. Please read it thoroughly before using it for a smooth sail. You may refer to these instructions for later use as well.

PACKAGE CONTAINS:
 • boAt Wave Pro x1 • USB magnetic charging cable x1
 • User Manual x1 • Warranty Card x1

CHARGING THE WATCH

The smartwatch must be charged before initial use. It takes 2 hours to be fully charged.

Connect and charge the watch with the image below as a reference, using a 5V/2A adapter.

Note: Once your watch is at 5% battery, it will automatically switch to power saving mode which will disable all functions.

TURNING THE WATCH ON/OFF

To turn the watch on/off, long-press side button for 3-5 seconds.

You can wake the screen by lifting your wrist. Enable on the shortcut menu of the watch to use.

CONNECTING TO THE APP

1. Download the boAt Crest app on your phone.

Available on both App Store (iOS 13.0 and above) and Google Play Store (Android 7.0 and above) OR

Scan [QR CODE] (Also available on the watch)

2. Connect the device directly via the mobile application. Do not connect via the phone's Bluetooth directly.

3. Select Wave pro on the home screen of the app and click OK to connect.

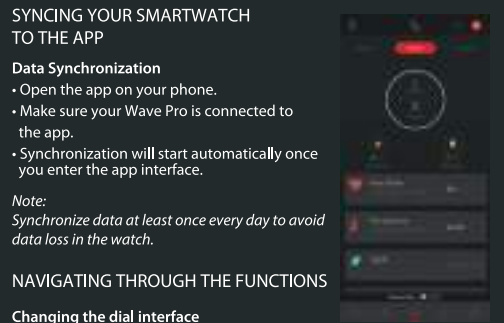

4. To use all features of your Watch Wave pro seamlessly, tap on 'yes' to the 'connection' and 'grant access' system prompt.

5. Turn your phone's Bluetooth and GPS on.

6. Disable battery optimization

Note: To ensure connectivity throughout your journey, make sure the app is allowed to run in the background of your phone at all times.

iPhones will not prompt any information unless you complete Bluetooth pairing with WAVE PRO.

NAVIGATING THROUGH THE FUNCTIONS

Changing the dial interface Using the app

Select cloud watch faces on the app and push your preferred watch face for your smartwatch.

Note: Make sure your watch and phone are connected via Bluetooth. Do not exit the downloading interface until it displays 100% downloaded. It may take up to 60 secs to sync the watch face with the app.

Using the Wave Pro

Go to settings in the main menu of the watch->Scroll down Select 'watch faces'-> Tap on your preferred display.

About

Tap on this icon to view information about the watch.

Swipe down for shortcut menu

You can access DND, find my phone, screen on gesture, alarms, brightness and settings.

Swipe left or right to access records and monitors

You can access daily activity and sports records, heart rate monitor, blood oxygen monitor, temperature monitor, sleep monitor, music control and notifications from here.

Swipe up to view live cricket scores.

Enable this feature from the app to use.

Go to the home page-> tap on the cricket icon on the top right corner-> Select the match and time Intervals to receive notifications on the watch.

This will disable all notifications except for alarms and alerts.

SAFETY & PRODUCT INFORMATION

Battery

- Do not disassemble, bore or damage the battery.
- Do not disassemble the built-in batteries of non-replaceable battery devices.
- Do not use sharp objects to remove the battery.

Health Warning

- If you are wearing a pacemaker or other implanted electronic devices, please consult your doctor before using the heart rate monitor of the watch.
- The optical heart rate sensor will glow green and flash. If you suffer from epilepsy or are sensitive to blinking light sources, please consult your physician before wearing this device.
- The device tracks your daily activities through sensors. This data is intended to tell you about your daily activities such as steps, sleep, distance, heart rate and calories, but may not be completely accurate.
- The device accessories, heart rate sensor, blood oxygen level monitor, and other relevant data is designed for fitness and not for medical purposes. They are not applicable to the diagnosis, monitoring, treatment or prevention of any diseases or symptoms. The heart rate and blood oxygen data is for reference only. We're not responsible for any deviation in data.
- Avoid wearing the watch too tightly. Make sure you keep your skin dry - the area that comes in contact with the watch. If symptoms such as redness or swelling appear on your skin, immediately stop using the watch and consult the doctor.

Things to keep in mind

- Sync data everyday to avoid data loss.
- Water Resistance will not work for seawater, acidic and alkaline solutions, chemical reagents and other corrosive liquid. The damage or defects caused by misuse or improper use are not covered by the warranty.
- Sports modes support up to 6 hours of exercise at a time.
- Avoid wearing the watch too tight in daily use. Keep the parts of skin touching the watch dry.
- Keep your arm still while measuring data for accurate measurement.

Disclaimer: This product is an electronic monitoring product and is not intended as a medical reference. We reserve the right to modify or improve any of the functions described in this manual without any prior notice. At the same time, we hold the right to continuously update the product content.

CAUTION
RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT SUBSTITUTE.
DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS.

Old electrical appliances must not be disposed of together with the residual waste, but have to be disposed of separately. The disposal at the communal collecting point via private persons is for free. The owner of old appliances is responsible to bring the appliances to these collecting points or to similar collection points. With this little personal effort you contribute to recycle valuable raw materials and treatment of toxic substances.

Charging norms & Precaution Guidelines: -	
1) Charger/Brick/Adapter	: 5V 2A
Any other accessory can be paired up with the product as long as the specifications are as per above norms.
