USER MANUAL

boat

XTEND CALL PLUS

Thank you for choosing the boAt Xtend Call Plus as your fitness transformation companion.

Allow this manual to guide you through the functioning of your smartwatch. Please read it thoroughly before using it for a smooth sail. You may refer to these instructions for later use as well.

PACKAGE CONTAINS:

- boAt Xtend Call Plus x1
- USB magnetic charging cable x1
- User Manual x1
- Warranty Card x1

CHARGING THE WATCH

The smartwatch must be charged before initial use. It takes up to 2 hours to be fully charged. Connect and charge the watch with the image below as a reference, using a 5V/2A adapter.

TURNING THE WATCH ON/OFF

To turn the watch on/off, long-press the side button for 3-5 seconds. You can wake up the screen by lifting your wrist.

CONNECTING TO THE APP

1. Download the boAt Crest app on your phone. Available on both App Store (iOS 12.0 and above) and Google Play Store (Android 7.0 and above) OR

Scan [QR CODE] (Also available on the watch)

2. Connect the device with the boAt Crest app; ensure that the phone's Bluetooth as well as the GPS functionalities are turned on
3. Select Xtend Call Plus on the home screen of the app and click pair to connect.
4. Once connected, you will get an alert to connect with XTCALLPLUS, click pair if need to receive or make calls from the watch
5. To use all features of your Xtend Call Plus seamlessly, tap on 'yes' to the 'connection' and 'grant access' system prompt.
6. Disable battery optimization

Note: To ensure connectivity throughout your journey, make sure the app is allowed to run in the background of your phone at all times.

SYNCING YOUR SMARTWATCH TO THE APP

- Data Synchronization
- Open the app on your phone.
 - Make sure your Xtend Call Plus is connected to the app
 - Synchronization will start automatically once you enter the app interface.

Note: Synchronize data at least once a day to avoid data loss in the watch.

NAVIGATING THROUGH THE FUNCTIONS

SHORT PRESS THE SIDE BUTTON FOR MAIN MENU

Activity Tracker
Click on this to check your daily activity data like step count, calorie, active minutes, no. of times you were standing.

Phone

To use the BT Calling feature, open the boAt Crest app and pair the watch. Once paired you will get the pop-up on the app home screen to connect with Phone's Bluetooth.

Click on "pair" to connect with phone's Bluetooth. Alternatively, you can go to phone's Bluetooth settings and pair "XTCALLPLUS" to start the calling feature on your watch.

Note: Enable call alerts from the setting to get calls on the watch. Up to 10 contacts can be saved in the phonebook. Call history will show the latest call details. Use a dialer to dial any number.

Spo2 Monitor

Wear the watch on your wrist, then click on the icon to start measurements. You can also view the data on the app. Note: Measurements are for reference only and not for medical purposes.

Workout

Choose from multiple sports mode like outdoor run, outdoor walk, indoor walk, long jump, indoor run, strength training, football, basketball, table tennis, badminton, indoor cycle, elliptical, yoga, cricket, mountaineering, golf.

Tap on any sport mode to start the activity. you can pre-set your goal as well for each activity. Press the side button to pause or stop the activity. If the activity is less than 3 mins, it will not be recorded.

Sync your smartwatch to the app to get the detailed analysis

Heart Rate Monitor

Wear the watch on your wrist, then click on the icon to start measurements. You can also view the data on the app. Note: Measurements are for reference only and not for medical purposes.

Sleep Monitor

Tap on the icon to review the sleep data of the previous night. Once the asleep criteria are met, your smartwatch will start recording from 8 pm at night to 10 am in the morning the next day.

Once you lie down and watch detects no movement for 30 minutes, it will start recording, and will stop recording if it detects excessive movement. You can check the data on the app only after the awake criteria is met.

You can also track sleep scores on the boAt Crest app.

Note: For accurate sleep data recording, the asleep criteria have to be met which includes limited movement, wrist positions and angles, and more. *The awake criteria will be met only after it records some noticeable movement

Workout records

You can view the records of your workouts here

MAINTENANCE

Regularly clean your wrist and the strap of the smartwatch, especially after sweating during exercise or being exposed to substances such as soap or detergent, which may get stuck on the other end of the product. Do not wash the strap with a household cleanser. Please use soap less detergent, rinse thoroughly and wipe with a piece of soft towel or napkin. For spots or stains that are not easy to remove, scrub the area with rubbing alcohol and then follow the above procedure.

FAQ

Search for the app to connect keeps failing

1. Keep the boAt Crest app updated to the latest version
2. Close all the programs on the watch -> Stop and restart Bluetooth and GPS -> Connect again
3. Check and enable notification functions of your phone and keep the phone and watch in close contact.

Note: Make sure your phone system meets Android 7.0 and above and iOS 12.0 and above

- The device accessories, heart rate sensor, oxygen level monitor, and other relevant data is designed for fitness and not for medical purposes. They are not applicable to the diagnosis, monitoring, treatment or prevention of any diseases or symptoms. The heart rate and blood pressure data is for reference only. We're not responsible for any deviation in data
- Avoid wearing the watch too tightly. Make sure you keep your skin dry - the area that comes in contact with the watch. If symptoms such as redness or swelling appear on your skin, immediately stop using the watch and consult the doctor.

THINGS TO KEEP IN MIND

- Sync data everyday days to avoid data loss.
 - Water Resistance will not work for seawater, acidic and alkaline solutions, chemical reagents and other corrosive liquid. The damage or defects caused by misuse or improper use are not covered by the warranty.
 - Sports modes support up to 6 hours of exercise at a time.
 - Avoid wearing the watch too tight in daily use. Keep the parts of skin touching the watch dry.
 - Keep your arm still while measuring data for accurate measurement.
- Disclaimer: This product is an electronic monitoring product and is not intended as a medical reference. We reserve the right to modify or improve any of the functions described in this manual without any prior notice. At the same time, we hold the right to continuously update the product content.

CAUTION

RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT SUBSTITUTE. DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS. Old electrical appliances must not be disposed of together with the residual waste, but have to be disposed of separately. The disposal at the communal collecting point via private persons is for free. The owner of old appliances is responsible to bring the appliances to these collecting points or to similar collection points. With this little personal effort you contribute to recycle valuable raw materials and treatment of toxic substances.

SAFETY & PRODUCT INFORMATION

Battery

Do not disassemble, bore or damage the battery. Do not disassemble the built in batteries of non-replaceable battery devices. Do not use sharp objects to remove the battery.

HEALTH WARNING

- If you are wearing a pacemaker or other implanted electronic devices, please consult your doctor before using the heart rate monitor of the watch.
- The optical heart rate sensor will glow green. If you suffer from epilepsy or are sensitive to blinking light sources, please consult your physician before wearing this device
- The device tracks your daily activities through sensors. This data is intended to tell you about your daily activities such as steps, sleep, distance, heart rate and calories, but may not be completely accurate.
