

Sentinel 6

Extreme Security Deadlock

Sentinel 6 is a completely new generation of deadlock from Adams Rite that raises the bar in security & locking to new heights.

Engineered specifically to meet the stringent BS EN 12209 Lock Standard Test to Security Grade 6, Sentinel 6 stands in a class of its own.

Key Benefits

- Complies with BS EN 12209 at security grade 6
- Bolt withstands 10kN side load in unsupported application and 6kN end load
- Barbolt with anti-spread feature incorporating the benefits of hookbolt
- New patented Adams Rite over-centre mechanism
- Enclosed mechanism prevents potential for tampering while under attack
- Specifically designed to fit into thermally broken and shopfront applications
- Will retro-fit into existing prep for MS2200
- Used successfully in security doorset tests with appropriate accessories
