## OUR STORY

### Christ In My Everyday Life

Bring Christ into your everyday life. God does not only want to be called upon in the times of difficulty, He wants to be present in all that we do including during play, eating and other everyday things that we do. Christ over everything!

### At God's Wavelength

At God's wavelength, our minds are set up above into the things that are heavenly and divine. At God's wavelength, God shows us His ways. Operating at God's wavelength is working in line with the Holy Spirit. We see better, feel better, know better and do better.

### Only One Is The Greatest

Despite today's trend putting human in a powerful state, having power over things, we can easily assume that no one is greater than us. But only one is the greatest. He is the sovereign king of Glory, the all-knowing, ever-present almighty and everlasting God. He can do and undo all things.

### Random Yet Joyful

While there are areas of specializations, it is hard to find someone who will say he/she started out with one single thing and are doing that one thing till date. Even Christ started as the son of a carpenter before starting full time ministry. We are built with various capacities and competencies and through it all we must be joyful and bring glory to God.

**BELIEVE  
WHAT YOU  
WEAR.  
WEAR  
WHAT YOU  
BELIEVE.**

**SPREAD GOOD GODLY VIBES EVERYWHERE YOU GO.**

# Our Story

by Oluwaseun Oyeniran

It started as a simple idea with a mission:  
create high-quality, well-designed gospel-  
themed goods that I would want to buy  
and use myself.

**Govibly didn't start with a formal business plan like many other traditional businesses do. Instead of following traditional or corporate model of starting a business; I tried to apply common sense and research to figure things out as they came up.**

Having spent over a decade printing t-shirt using DIY techniques and building exceptional skills in design using software such as CorelDraw and Adobe Illustrator, I essentially built Govibly from the scratch by applying fundamental design concepts using lines and shapes and kept things simple but solid. I have high inclination for quality in all that I do so that rubbed on my design and production process for Govibly as well. My strongest motivation for Govibly is however the opportunity of sharing the good news.

**IT'S MORE THAN JUST  
T-SHIRTS. IT'S A MINDSET.  
IT'S A WAY OF LIFE. IT IS  
ENGAGING TODAY'S  
CULTURE WITH A MESSAGE  
OF TRUTH AND HOPE  
WHILE SPREADING GOOD  
GODLY VIBES  
EVERYWHERE WITH LOVE!**

I strongly believe that T-Shirts remains a durable day-to-day products and the front and back space not only provide us the opportunity to show artistic capabilities but also to present the gospel good news message in a very artistic form. the good news shouldn't be as complicated as we thought it to be. It can be a fun, joyful and rewarding activity.

Govibly is a brand deeply rooted in my passion for spreading godly, positive vibes and the fact that God is the chief creator and designer who designed us for a good cause and to spread good vibes of love, hope and unity. I believe we all have a collective role to play in this.

Govibly is not about reinventing the wheel or anything unheard of before, but about putting the power of creativity to work, and making better versions of existing words and concepts and turning them into products people will value and want to own and use. This mindset of creation and attention to detail has allowed me to find success in unconventional ways, and to pioneer a whole new path as we continue to grow a tribe around the brand.

My hope is that as this tribe built on love emerges, we will be able to shine a ray of hope in the midst of the world's agony. And that we spread good news, first, by celebrating the good news and then becoming the good news ourselves as we spread good vibes. I hope simple, everyday events like going for coffee with friends, hanging out and so on will become "Govibly" moments. Together we can create the community we want - a community built on love.

#### **Giving Back and Paying it Forward**

Being a brand built on the foundations of faith and a culture to inspire and create positive vibes, we have incorporated a charity component on top of what we do. Not only do specific portion of our profit go to those in need, we will also be doing cloth drives during special seasons of the year to provide for the homeless. Throughout the year, we hope to partner with other community agencies to host Govibly events to help raise funds for select charities. Some of our special sales events are driven to raise funds to provide meals to children and to help orphanages around the world.

## Keeping it Personal

Even as we grow, one thing that I've always wanted for Govibly is to maintain the personal touch. We don't try to make Govibly look like a big corporation. We aim to be transparent as much as possible. On our social media and through other avenues we have lined up, we will be using the Govibly platform to help so many youths and young adults by sharing a lot of the behind the scenes about how I design products and run Govibly. No matter how big Govibly gets, I always want to be accessible to fans and customers. I love connecting with people on Twitter, Instagram, and Facebook. The business itself was born out of a personal commitment to equip and bless people and to engender a new wave of positive energy and good godly vibes.

## What's Next

Ever since the beginning, Govibly has been about my passion first and foremost for the gospel and also for quality well designed products. It is about positioning ourselves in this 21st century modern day era to effectively spread gospel truth as well as promote the use of talent and arts in designing products that will bring hope and inspire people.

As we continue to grow in a lot of ways, our core mandate is to remain committed to our original mission of producing gospel themed products and ultimately spreading love and good godly vibes. I will continue to pay close attention to the quality of our design ensuring that it remains first in class, representing everything you will expect of a modern-day brand.

Every single item is still personally designed by me, and I think the designs are maturing alongside my own depth and experiences.

Although I have come to know that there is more to running a brand, the creation process and the opportunity to inspire someone is what keeps me going. Govibly will always remain a design-driven brand where design and quality come first.

## Where community connects organically

For over 5 years, I have been providing support to less privileged university students from my personal paycheck. But I have not been able to expand what I give as the need continues to rise. Running Govibly will give me the opportunity to help more students further their education and escape poverty.

I also recently found out that lots of charities who work within our communities are closing down. The primary reason being that they run out of funding. So I thought to myself what if I create a social-good component on top of our business model where charities get to meet with the community and share their journeys and stories. Inherent in every one of us is the capacity to do good. So I further realized that there are plenty of individuals willing to contribute time, energy and resources to either join forces with charities or just intending to do good and spread positive vibes in their communities. So these are the lines of thoughts that also gave rise to Govibly Mobile App.

I absolutely believe that we can have a new business model that is representative of the diversity of our goodness as a community and by extension in our world today. So as you become a part of the Govibly community, you are buying better and encouraging a fitting marketplace model. Together, we can create a world even more wonderful than we might imagine.

**“It’s all about living intentionally and purposefully; following my passion and taking those little steps to make the world a better place - one day at a time”**

## **Govibly - let's spread good godly vibes**

Although I am still a regular 9-5 guy, I've put a lot of time and effort to building Govibly by working late nights and weekends to refine designs, organize logistics, pack orders and put the whole idea together. I hope these designs get good acceptance in our community and all around the world, and that the knowledge of the brand spreads organically through word of mouth and online features.

I am more than available to sit with you over a coffee table so we can talk more about Govibly and what we can do together. Feel free to reach me on @govibly on all social media platforms or just email me at [govibly@gmail.com](mailto:govibly@gmail.com). I personally respond to all inquiries and requests :)

Govibly Mobile App

**Lifting up the good  
and becoming  
today's good news  
story**

The App has been designed for you to create good news by tapping into your creative abilities and by encouraging and lifting up the good around you. With this App you can support a cause, create your own, host local Govibly events for you and your friends, post inspirational good news feeds all while earning points and award that can be used for store purchases. Spread good godly vibes with love!

# CHRIST IN MY EVERYDAY LIFE

## Romans 12:1

"So here's what I want you to do, God helping you: Take your everyday, ordinary life—your sleeping, eating, going-to-work, and walking-around life—and place it before God as an offering. Embracing what God does for you is the best thing you can do for him."

When we hear everyday life, what comes to mind is simple things like playing tic-tac-toe or any other fun event together as a family and sharing good memories. And playstation captures it effectively with the shapes on the game controller:

But an understanding of The Message translation of Romans 12 means to make our everyday life an opportunity for worship. We are encouraged here to include Christ in all that we do including when we are playing games like tic-tac-toes and in other leisure moments. Christ isn't someone we only bring out at Church or at private moments.

Christ wants to be present in our walk, talk, sleeping, eating and all the mundane things that we do day in and out.

“

**Christ wants to be present in our everyday life including when we play a game like tic-tac-toe”**

## **Bring Christ Into All That You Do**

As you wear this shirt, you carry a powerful message that Christ is with you in all that you do whether playing or working. The short message above will be put in a postcard and ships together with every order. Both the t-shirt and the post card can be used as short message or encouraging words with a group or during personal conversations.

# AT GOD'S WAVELENGTH

## John 14:26

**"But the Comforter, [which is] the Holy Ghost, whom the Father will send in my name, he shall teach you all things, and bring all things to your remembrance, whatsoever I have said unto you." (NIV)**

Waves are like currents, they carry energy and power. When we are at God's wavelength, it basically means we are operating at his frequency and in resonance with His spirit. It is powerful thing to experience.

Whether God presents himself in the form of cloud (Job 26:9), a still small voice (1 Kings 19:12), as a fire (Exodus 3:2), or rain (Genesis 7:12), those of us who operate at God's wavelength are in tune with His hand at work.

Its always a good thing to dwell in God's secret place (Psalm 91). rest in Him (Psalms 37:7-9)..

Although there are many waves and vibes out there, many of them don't liberate or bring peace.

Many of them carry some type of energy that could lead us to do things that are not nice or fair to other people. But at God's wavelength, we experience the supernatural peace and power of the pure and gentle Holy Spirit.

At God's wavelength, our minds are set up above into the things that are heavenly and divine. At God's wavelength, God shows us His ways (Psalms 25:4-5), we know His will, we are at peace and His presence is evident in and around us. We see better and want to do right. It's an awesome experience.

# AT GOD'S WAVELENGTH

In him we live move and have  
our being (Acts 17:28).

Being in tune with God helps us  
align our live's journey with the  
blueprint He has ordained for us  
from the foundations of the  
earth. We live and operate with  
purpose and intentionality. We  
become and offering to the  
world and are fit for heaven in  
the end.

It's a really good thing to  
operate at God's wavelength!

AT GOD'S  
WAVELENGTH

“

**"At God's wavelength,  
our minds are set up  
above into the things that  
are heavenly and divine.  
At God's wavelength, God  
shows us His ways"**

## **Operate at God's Wavelength**

As you wear this shirt, you carry a powerful message that you are operating at God's wavelength. The short message above will be put in a postcard and ships together with every order. Both the t-shirt and the post card can be used as short message or encouraging words with a group or during personal conversations.

# OPEN HAPPINESS AND JOY

**"There are different kinds of gifts, but the same Spirit distributes them." Acts 17:28 (NIV)**

I am yet to see a person who only does one thing in life. Despite the fact that we are all made to have at least one area of specialization, chances are that a large number of us are either multi-talented or are doing a number of things until we figure out that one thing we are called to do. All colours and shades come from God. So whether you are juggling singing and a catering job together or you are a full time mother nursing your children at home while running a freelance design company or you're that hands of guy who combines a cleaning job with interior design and furnishing work on a call basis, everything is perfectly normal. It's all part of the journey.

Enjoy the process. Take stock of your progress. Rejoice in all things. It's ok to try out many things while building competency on the growth curve. There are certain things we clearly notice that we are not good at. There are some we find that we are good at. But if we don't first try out things, how do we find our competency or know what we are really good at? So don't beat your head because you feel you don't know what you're called to do as of yet. Whatever random stuff you find doing, do it well. It will pave way for the next big thing.

A number of the people in scriptures started off doing one thing and then ending up with another. Not that they were confused in the beginning. We however found that everything they started out with had an impact in the end. Joseph started joining his dad and brothers to the farm, got sold into slavery and had to develop cleaning and housekeeping skills and ultimately ended up in the Governor of Egypt, second only to the King with political powers to rule and govern people (Genesis 30 - Genesis 41).

Jesus too started as a carpenter with His earthly father and later became a teacher (Mark 6:3). Before He began His ministry, Jesus was likely His father's apprentice. It is bizarre to think that God Incarnate was taught to build things by a human man, but it seems that in this, as in all other aspects of His earthly life,

# OPEN HAPPINESS - FIND THE JOY

Jesus submitted Himself to the humility of being fully human like every one of us in our randomness (Philippians 2:6–8). In fact, there is some evidence that the Greek word used for “carpenter” (tekton) could also be translated more broadly as “artisan,” “contractor,” or “handyman.” It is possible, therefore, that Jesus and Joseph were the sort of men you call when something needs to be fixed—be it made of wood, stone, or something else. The joy and blessedness of being random :) In our technologically advanced modern day 21st century world, we are faced with a number of questions that require a multifaceted approach to answer them.

Our ability to embrace multiple skills, talents and ability place us in a position to reach more people and bring increasingly sustainable solution. A note of caution though. Don't be a jack of all trade and master of none. Be a Jack of a few trades and master in some. In the randomness of life, through the ups and down, the good and not-so-good experiences, we get to find blessedness of God and life and to unravel all the gifts and talents placed inside of us. So go for it. Do it with love and some vitality. Celebrate all through the way. Spread good vibes.

“

**"Although we are all made to have at least one area of specialization, chances are that a large number of us are either multi-talented or are doing a number of things until we figure out that one thing we are called to do. What ever you find doing, do it well. Do it gladly."**

## **Find the joy in all situations - Unleash happiness**

As you wear this shirt, you carry a powerful message of joy, hope, courage, strength and everything in-between. The short message above will be put in a postcard and ships together with every order. Both the t-shirt and the postcard can be used as a short message or encouraging words with a group or during personal conversations.

# ONLY ONE IS THE GREATEST

**For you are great and do marvelous deeds; you alone are God.**

Psalm 86:10-12

Many times we feel that we are on top of the world. We feel like no one is greater than ourselves. We feel so powerful and pumped. With technological advancement giving us the ability to do things that are unimaginable before like self-driving cars, industrial robots, and other innovation in communication and production.

Our sense of accomplishment, career, wealth, social status or the position and titles we hold compared to other people tend to make us feel like we are the greatest. But is a really humbling thing to know that despite all that, there is still someone who is greater than we are. And that is God.

It is obvious that there are men and woman who are great thinkers, scientists, inventors and high achievers in their various fields. These great men and women tower above other people, but they inadvertently same needs we do.

They experience aches and pains. They have troubled minds and hungry hearts. They cannot stave off death nor guarantee life beyond the grave. Only one is the greatest and that is God. God is great enough to meet all our needs, great enough to forgive all our sins, and great enough to carry us through the dark valley of death into eternity, to be with Him forever. Irrespective of where we are in life, our social status or condition, we must recognize that God is the greatest.

Despite today's trend putting human in a powerful state, having power over things, we can easily assume that no one is greater than us. But only one is the greatest. He is the sovereign king of Glory, the all-knowing, ever-present almighty and everlasting God. He can do and undo all things.

# ONLY ONE IS THE GREATEST

**Chris Tomlin** sang the following lines in his song **Indescribable**:

From the highest of heights to the depths of the sea. Creation revealing Your majesty. From the colors of fall to the fragrance of spring. Every creature unique in the song that it sings. All exclaiming

Indescribable, uncontainable,  
You placed the stars in the sky and You know them by name.  
You are amazing God  
All powerful, untameable,  
Awestruck we fall to our knees as we humbly proclaim  
You are amazing God

Immortal, invisible, God only wise

“

**"Despite today's trend putting human in a powerful state, we can easily conclude that we are the greatest. But no. Only one is the greatest, and that is God"**

## **Only God is the Greatest**

As you wear this shirt, you carry a powerful message that only one is the greatest and that is God. The short message above will be put in a postcard and ships together with every order. Both the t-shirt and the postcard can be used as a short message or encouraging words with a group or during personal conversations.

## OFFICIAL MOBILE APP LAUNCH

---

Complete prototype of the mobile app has been developed by Oluwaseun Oyeniran. Coding and final prototyping is ongoing. This will be officially launched early next year 2019.

## STRENGTHENING AND UNITING COMMUNITIES

---

The Govibly mobile app has been designed with lots of community building features. You can share what is called "good newsfeeds", support someone trying to do something good or create your own good cause. You can also create an event or small meeting groups. Here's the best part, every good you do is rewarded right on the app!

## DO MIGHTY THINGS WORK WONDERS

---

Despite the trend in the media and all the sad reports we see on TV everyday, we have the capacity to change landscape and turn the story around for good; one person at a time. One community at a time, one good news story at a time. We can do it!
