## ***BULLY NO MORE - Finally a resolution to the conflict of bullying***

By understanding our thoughts, feelings and actions and how collectively these things define us, we begin to assess and address our actions when we are RED (aggressive), WHITE (passive) and we aspire to BE PINK (assertive)!

This presentation promises to impact the audience, shift thinking toward the positive, and reinforce the importance of inclusion while honouring self and others!

Fawn combines storytelling, meaningful dialogue and creative activities, to talk to kids about the full circle of bullying. The presentation provides a powerful anti-bullying message and inspires hope and encouragement to the victim, the bully and the bystanders. You'll be surprised at the results...kids have so much fun, they don't even know they are strengthening their assertiveness skills, increasing literacy and building confidence.

**For: K - Gr 2, Grades 3 to 5, Grades 6 to 8**

**Purpose:** Participants learn practical tools, exercises and activities to support an inclusive and productive classroom.

**Benefits:** Teaches kids about human rights,  
Reinforces that we are all who we are meant to be,  
Builds dialogue around inclusion,  
Provides support to the bully, victim and bystander,  
Reinforces positive, respectful behaviour, and  
Reminds us that we all have a choice to exclude (which increases anger and unhappiness) or practice inclusion (where everyone can flourish and grow).
