

**We've been using Raizer for 18 months, and I can truly say that I've never been in a situation where it wasn't possible to lift a patient using Raizer.**

Norman Brew  
from the Isle of Man Ambulance Service

# RAIZER®

by Liftup

Raizer is a mobile lifting chair that helps people who find themselves on the floor to be up again in just a few minutes. Raizer can be operated by just a single paramedic, ensuring a stable and controlled lift.

## Raizer guarantees a safe and stable lift

- Raizer can be operated by just one paramedic.
- Is battery-driven and lifts automatically.
- Fast and easy assembly (3 min.) right next to the person on the floor.
- Ensures an ergonomically correct lift, avoiding overexertion of your back and arms.

- Can be controlled both remotely, allowing you to work in your optimal working posture or by using a button on the seat.
- If the patient is ill, Raizer can lower the person gradually into a horizontal position.
- No strain on the helper or the paramedic.
- Raizer guarantees a dignified lift in public spaces.

## Minimal manual handling

- Easy to transport in two bags.
- Raizer is easily carried and charged in an ambulance or other vehicle.
- Lifting using Raizer requires only a minimum of physical effort.
- It is easy to carry into buildings and confined spaces.
- Easy to operate in confined spaces.
- Raizer requires only minimal training, so is easy to use for inexperienced personnel.
- Easy handling means that Raizer ensures fast and effective training of paramedics.
- Unique surface treatment ensures easy cleaning and disinfection.
- Raizer can be stowed easily and conveniently in an ambulance.

# AN EXCELLENT INVESTMENT, BOTH PRACTICAL AND ECONOMICAL

- Raizer is designed with colour codes to guarantee fast assembly and disassembly.
- Extra equipment such as a trolley (with stair wheels) and connectable remote control.
- Fast and easy disassembly and packing (2 min.).
- Can be used on all types of surfaces.
- Easy to clean and disinfect.
- An excellent time-saving investment.
- Savings using Raizer can be documented.
- Contact Liftup for more information relevant to your situation and needs.

# Equal opportunity for all

Liftup designs and develops welfare technology aids based on our values of dignity, safety and equal opportunity for all. As a professional helper, you will see that Raizer ensures stability and safety, and also helps you save time, maintain a healthy working posture, and protects you from overexertion.

At Liftup A/S our principle is to work continually with the innovative development of welfare technology products. Liftup was founded in 2003, and is a wholly privately-owned Danish enterprise.

Aesthetics, design and safety are essential in everything we do within the field of welfare technology. We don't make machines, we make welfare aids that guarantee the dignity of their users.
